Message from Superintendent, Dr. Dale Herl

The ISD is once again offering our outstanding summer school program ***Summer Success***. *This program* is designed to build on curriculum that students are taught during the school year. Our curriculum engages students in fun learning activities with an academic focus.

We want our students to have an opportunity for continuous learning throughout the summer. We find that students who attend ***Summer Success*** have less “learning loss” meaning they don’t have to spend as much time at the beginning of the school year reviewing material taught the previous year.

We believe that summer should be productive as well as fun for students. We have found that students end the summer proud of what they have accomplished and excited to start the next grade level.

I encourage you to consider ***Summer Success*** for your child and hope you have a wonderful summer.

Best Wishes,

Dale Herl
