

GENERAL ADMINISTRATION

Policy 1100 **(Regulation 1100)**

Religion

The School District supports the constitutional separation of church and state. The philosophy of the District is to share with the community the responsibility for education. Since religious observances and the display of religious symbols rightfully belong in the home and in the church or synagogue and not in a tax-supported entity, the District urges that the responsibility for the use of such symbols, and observances of religious occasions, be the province of the home and community.

The District respects the diversity of its community, staff, and student body and wishes to encourage the teaching and appreciation of cultural pluralism in the District curriculum and school-sponsored activities without emphasizing or giving school time to religion(s) or religious celebrations beyond the scope of the curriculum.

It is expected that all activities during school time will be geared toward instruction and will have curriculum significance in accordance with the District's curriculum guides. When developing instructional units and educational activities, staff members should recognize the differences between the religious and the cultural heritage of groups in a pluralistic society.

GENERAL ADMINISTRATION

Policy 1210
(Regulation 1210)

Calendar Requirements

School Year and School Day

Beginning with the 2019-2020 school year, the Board will annually adopt a school calendar that will provide for 1,044 hours of pupil attendance with no minimum number of school days. The beginning of the school year shall not be earlier than fourteen (14) calendar days prior to Labor Day.

The length of the school day will meet State Department of Elementary and Secondary Education requirements for six (6) clock hours of instruction. A school year and school day in excess of the state required minimum may be recommended by the Superintendent and approved by the Board. The planned calendar adopted prior to the beginning of the school year must be reported to DESE on Core Data Screen 10 by August 15 of each year, and cannot be changed after that date.

The District will only be required to make up the first thirty-six (36) hours of school lost or canceled due to inclement weather and half the number of hours lost or canceled in excess of thirty-six (36) hours up to twenty-four (24) hours of additional lost or canceled hours. Thus, the maximum number of hours that must be made up is sixty (60) hours. For purposes of this Policy, "inclement weather" shall mean ice, snow, extreme cold, flooding, a tornado, or excessive heat.

The District may make up thirty-six (36) hours of school lost or canceled due to exceptional or emergency circumstances during a school year, if DESE has approved an alternative method of instruction plan submitted by the District.

Rev. 11/2019

Calendar Requirements

School Day

The length of the school day will meet State Department of Elementary and Secondary Education requirements for six clock hours of instruction. The length of the school day in excess of the state required minimum will be recommended by the Superintendent and approved by the Board. The specific daily opening and closing time for individual schools may vary to facilitate the scheduling of the District's transportation program.

If the District's schools are dismissed due to inclement weather after school has been in session for three or more hours, that day shall count as a full day.

Days that the District's schools are closed for inclement weather or emergency reasons, which cause a violation of the necessary 173 days of pupil attendance, will be made up in accordance with state statutes and as approved by the Board upon the Superintendent's recommendation.

Equal Opportunity and Statement of Non-Discrimination, Harassment, and Retaliation

The District is committed to providing equal opportunity in all areas of admission, recruiting, hiring, retention, promotion, contracted services, and access to programs, services, activities, and facilities. The District further commits itself to the policy that there shall be no unlawful discrimination, harassment, or retaliation against any person because of race, color, religion, disability, age, sex, gender, national origin, or any other characteristic protected by law. The District is an equal opportunity employer.

The District's equal opportunity policy extends to prohibitions against discrimination, harassment, and retaliation of and against students or employees due to the individual's race, color, religion, disability, age, sex, gender, national origin, or any other characteristic protected by law. The District strictly prohibits such unlawful discrimination, harassment, and retaliation by its employees and students. The District also prohibits retaliatory action, harassment, or discrimination against individuals who make complaints of, report, or otherwise participate in the investigation of any such unlawful discrimination, harassment, or retaliation.

Persons who believe that they have been discriminated, harassed, and/or retaliated against in violation of this policy should report the alleged discrimination, harassment and/or retaliation to the Compliance Officer, unless the Compliance Officer is unavailable or the subject of the report. In that case, the report should be made directly to the alternative Compliance Officer (see Board Policy/Regulation 1310).

All employees, students, and visitors who have witnessed any incident or behavior that could constitute discrimination, harassment, or retaliation under this policy must immediately report such incident or behavior to the District's Compliance Officer for investigation.

If a student alleges sexual misconduct on the part of any District employee to any person employed by the District, that person will immediately report the allegation to the Children's Division (CD) of the Department of Social Services in accordance with state law.

All complaints of violation of this policy will be promptly investigated by the District, and appropriate action will be taken.

Public Notice

The superintendent or designee will continuously publicize the District's policy prohibiting discrimination, harassment, and retaliation, and will disseminate information to employees, parents/guardians, and students, as well as to newly-enrolled students and newly-hired employees, regarding how to report discrimination, harassment, and retaliation.

Freedom from Discrimination, Harassment, and Retaliation

It is the policy of the Board of Education to maintain a learning and working environment that is free from discrimination, harassment, and retaliation on the basis of race, color, religion, disability, age, sex, gender, national origin, or any other characteristic protected by law.

The District strictly prohibits unlawful discrimination, harassment, and retaliation against employees, students, or others, as provided in Board Policy/Regulations 1300 and 1310. It will be the policy of the District to continually evaluate its practices and procedures to ensure fair and equitable educational and employment opportunities and freedom from discrimination, harassment, and retaliation for all of its students and employees.

The District will discipline or take other appropriate action against any student, teacher, administrator, or other school personnel who retaliates against any such person.

Consequences and Remedies

When the District receives a report of unlawful discrimination, harassment, and/or retaliation, the District will take appropriate interim measures to protect the alleged victim(s). If, after investigation, it is determined that discrimination, harassment, and/or retaliation in violation of Policies 1300 and 1310 did occur, the District shall take prompt, effective, appropriate action reasonably calculated to end the harassment, discrimination, and/or retaliation and to protect individuals from further such harassment, discrimination, and/or retaliation.

The District will discipline or take other appropriate action against any student, teacher, administrator, or other school personnel who is found to have violated this Policy. Patrons, contractors, visitors, or others who violate this Policy may be prohibited from District property or otherwise restricted while on District property.

School Volunteers

The District encourages participation of parents and citizens of the community to volunteer in the schools in order to serve as additional resources to the teachers and students.

Screened Volunteers

Individuals who assist our schools on an uncompensated basis and who may periodically be left alone with students are considered “screened volunteers” under state statute. These individuals, among other service providers, may volunteer to regularly assist in the school office or library; mentor or tutor students; coach or supervise student activities before or after school; or chaperone students on overnight trips. Prior to being left alone with students at school or school activities, screened volunteers must have a clear criminal records check from the State Highway Patrol and Federal Bureau of Investigation. The District will pay for the cost of obtaining such criminal records checks. Screened volunteers may have access to students’ educational records where necessary and when supervised by a staff member.

Non-Screened Volunteers

Non-screened volunteers are those individuals who are not left alone with students at school or school activities. For these volunteers, the District will, with the volunteer’s consent, obtain a criminal records check from local law enforcement prior to beginning volunteer service. The District will assume any costs in obtaining such records checks.

Application for Volunteer Service

All volunteers must complete an application for volunteer service and may be interviewed prior to beginning volunteer service. (Form 1425). The District reserves the right to deny individual applicants where the best interests of the educational program are served.

Visitors to Schools

Principals and teachers shall welcome and encourage visits by parents/guardians, Board members, volunteers and patrons of the schools. All visitors shall report to the principal's office on entering the building so that the office will be aware of their presence. When a patron of the school has a need for a conference with a teacher or counselor, an appointment should be made so the staff member may proceed with his/her assigned duties without undue interruption.

Groups of visitors wishing to visit the school or facilities shall notify the Superintendent as far in advance as possible.

Students dismissed earlier in one school than others are not permitted to be on the grounds of any other school in the District.

All persons who do not obtain permission from the principal's office to visit the school, or visitors who create serious distractions to the learning environment in the building or on the premises, shall be considered trespassers and subject to arrest and prosecution.

In order to minimize the potential harm to staff and students, persons listed on the sex offenders list may not be present in any school building, or on district property, in any district vehicle utilized to transport students, or be present at school activities without the written permission of the Superintendent. If permission is granted for a specific event or events, the Superintendent will notify the principal, where the sex offender will be present. Sex offenders cannot reside within 1,000 feet of a school or victim unless the individual is receiving treatment in a treatment facility or nursing home for purposes of getting treatment.

Observations by Parents, Advocates, or Others

Under applicable state and federal law, a parent does not have a right to observe his/her child in the educational setting. However, if a parent, advocate or other person wishes to conduct an observation of any child, activity, teacher, or classroom, he or she must submit a written request to the building principal, within five school days of the date he or she wishes to observe, with the following information:

1. The name and position of the individual(s) who will be observing;
2. The date and time he or she wishes to observe;
3. The amount of time he or she wishes to observe;
4. The specific purpose for which he or she wishes to observe.

The building principal must then grant written permission for the observation to occur. The District reserves the right to deny any observation that it believes will disrupt the educational environment or may lead to a direct or indirect release of personally identifiable information about a student or students. The building principal or other administrator will provide a written or verbal explanation of its decision prior to the requested observation date.

Public Access to District Documents

The District provides public access for the inspection and copying of the District's public records. As a general practice, the District requires advance payment of a copy fee which does not exceed the actual cost of document search and duplication. However, copies of the District's public records may be provided without a fee or at a reduced fee when it is determined by the Board that a reduction is in the public interest. In assessing fee reductions, the Board will consider the potential that the reduction will significantly contribute to public understanding of the District's operations and will consider the degree of commercial value to be gained by the person requesting a fee reduction.

Similarly the District will provide public access for inspection and duplication of the District's public records maintained on audio, video, or similar media. Public access includes but is not limited to computer facilities, recording tapes, discs, video tapes, films, pictures, slides, graphics, and illustrations. The District requires advance payment not to exceed the expense of duplication, staff time required to duplicate, programming if necessary and the cost of the disc or tape used for duplication.

In order to facilitate public access to the District's public records, the Board will appoint the Board Secretary as the custodian of records. The custodian will be responsible for maintaining the District's public records as well as for assuring access to the District's public records. The identity, business address, and office telephone number of the custodian of records will be published annually and will be available at the District's administrative office. Public Gifts to Schools

The Board of Education recognizes the educational value of appropriate gifts to schools from Parent Teacher Associations (PTA), other civic groups, corporations, or individuals, and encourages their use to enrich the instructional program. The superintendent is authorized to accept donations and gifts to the school district. The superintendent may designate other administrators to be authorized to accept the gifts for particular schools on behalf of the Board. All major donations or gifts will be reported to the Board of Education and publicly announced.

Memorials

Sadly the death of a student, former student, or staff member is an event that may occur at any time. Temporary memorials can provide students the opportunity to give testimony to their peers, as well as learn how to direct their generosity to grieving family members. The opportunity to participate in temporary activities and projects can help students and staff come to accept the finality of their loss. An initial memorial site will be designated by the principal where flowers, poems, pictures, stuffed animals in an area where those who wish not to be reminded can easily avoid that location. Memorial items will be removed after the family funeral in a way that permits presentation of these symbols of caring to the family.

Memorials for staff and students lost through suicide will not be established. This policy is the result of the fact that recognition of student suicide may adversely affect others predisposed to suicide.

School/Community Relations

Public Complaints

Although no member of the community shall be denied the right to petition the Board of Education for redress of a grievance, the complaints will be referred through the proper administrative channels for solution before investigation or action by the Board. Exceptions are complaints that concern Board actions or Board operations only.

The Board advises the public that the proper channeling of complaints involving instruction, discipline, or learning materials is as follows:

1. Teacher
2. Principal
3. Appropriate Central Office Administrator
4. Superintendent
5. Board of Education

Any complaint about school personnel will be investigated by the Administration before consideration and action by the Board.

Private, State, and Federal Funding

Grants from outside agencies are to be related to the needs and priorities of the District in the form of program improvement. Outside funds are to be regarded as supplemental in nature, intended to enhance or augment the usual efforts toward desired goals, quality of learning, inservice education, or capital improvement. Grants may lead to research and development that will be of value to the District. All such funds will be deposited, accounted, and reported through the District's accounting office. The Board directs that the Administration keep financial and program records to document the compliance with all state and federal requirements and to corroborate program success.

All employees of the School District who plan to apply to an outside agency (private, corporate, or governmental) for grants or other types of funds for District use must clear the request with the Superintendent of Schools or designee before preparing an application. The application must then be approved by the Board of Education before submission to the source of funding.

Grants cannot be requested that would require District expenditures not budgeted in the current fiscal year. District funds may not be obligated in advance for future years by the terms of a grant without prior Board approval.

If a grant requires participation by children in experimental types of instruction, written permission of parents must be secured.

Head Start Program Policies – 1994

Conflict of Interest/Nepotism - Required by: Code of Federal Regulations (CFR) 130.31

No Head Start employee shall solicit or accept gratuities, favors, or anything of monetary value from contractors or potential contractors.

Head Start shall not employ any individual if a director of that individual's immediate family is employed in an administrative capacity or is a director of the Head Start Policy committee. The term "immediate family" means wife, husband, son, daughter, mother, father, brother, sister or relative by marriage of comparable degree; the term "administrative capacity" means a position having responsibilities related to the selection, hiring or supervising of employees. If a vacant position cannot be filled without hiring such an individual, the policy may be waived. However, employment records must be maintained to provide evidence that no other individual within the service area is qualified and available for employment.

Probationary Period - Required by: 45 CFR part 101, Subpart D

All Head Start staff directors will be subject to a Probationary Period. The first six (6) months following appointment to a position is the "Probationary Period." The Probationary Period allows time to examine and act on the results of criminal records check and child abuse/neglect check.

Should a criminal record or child/abuse neglect record check reveal an arrest, pending criminal charge, or a conviction of a probationary employee, a review of the case by District administrators, the Head Start Director, and the Head Start Personnel Committee to assess the relevancy of an arrest charge or conviction to a hiring decision will be conducted. No probationary employee will be dismissed arbitrarily on the basis of arrest, a pending criminal charge, or a conviction.

The Probationary Period also permits the employee to demonstrate his or her capacity to perform and the employer to measure the employee's performance. There may be evaluations of the employee during the Probationary Period. There shall be an evaluation of the employee at the end of the six (6) months, and the employee shall receive a written copy of the evaluation.

At the end of this period, the employee shall be advised of the decision regarding his or her retention as an employee of Head Start.

At any time during the Probationary Period, the Head Start Director, after following procedures, may terminate an employee whose performance does not meet the required standards. The

employee may request notification in writing as to the reason for his or her dismissal, and any such notification shall become part of the permanent personnel records of the School District of Independence.

The School District of the City of Independence reserves the right to shorten the probationary period for any employee found to be fully qualified, and the District may end the probationary period if, in the sole discretion of the District, circumstances make an elongated probationary period necessary.

Employee Grievance Procedure - Required by: CFR 1301.31

All grievances and problems of the Head Start staff director must first be presented to the Head Start Director. Any grievance or problem not resolved after consultation with the Head Start Director should be presented in writing to the Assistant Superintendent for Student Services, and if not then resolved to the Associate Superintendent for Human Resources. If a grievance or problem is not resolved at that level, the Head Start staff director should present the complaint in writing to the Superintendent of Schools.
