

6th Grade Virtual Student Schedule 2020-21

The times shown indicate the start time for each class period on a student's PowerSchool schedule. Use this schedule to determine which class a student has during each class period. If you do not have access to your child's PowerSchool schedule, please contact your child's home school for assistance.

For all **core classes** (ELA, math, science and social studies), the student should log in to Canvas and join the Zoom a few minutes prior to the start time. **The Zoom class will last approximately 30 minutes per class period, and teachers will give directions for what students should work on at the end of Zoom.** Each student's ELA and math class is listed as a double period. Students will log on to the Zoom at the beginning of the first class period. For example, if a class is listed as 3-4(A-B), students should log on to Zoom a few minutes before 3(A-B) begins.

For all **Fuel Ed** classes, the student should log in to Fuel Ed during the indicated time period to work on the class, but will not be meeting with a teacher on Zoom.
