IRC

JROTC is not an extension of the recruitment mechanism for the uniformed services. Students in JROTC benefit from developing skills applicable to future careers, including communication, team-building, physical fitness, self-confidence and other leadership skills. This course sequence can be taken simultaneously with other coursework. Based upon workforce development data and college entrance requirements, it is strongly recommended that students participating in these pathways take a minimum of two courses in a foreign language. **Courses with a bold outline indicate dual credit opportunities.**
