School District Philosophy

It is the responsibility of the Board of Education to ensure that all children located within our school district have access to a quality education that enables them to achieve their full potential and to fully participate now and in the future in the social, economic, and educational opportunities of our local community, state and nation. Our beliefs are grounded on two principles. First, that a general diffusion of knowledge is essential for the future welfare of the children we serve. Second, that a successful public education system is directly related to a strong, dedicated, and supportive family and that parental involvement in the school is essential for the maximum educational achievement of a child.

In carrying out its responsibilities, the Board of Education is guided by the desire to use the resources of the community, staff and students to provide the highest quality education permitted by financial resources. In reaching decisions, the Board will act in the best interests of its students.

To this end the Board of Education has adopted the following:

School District Vision

A community united to improve the quality of life through education.

School District Mission

By providing a quality education, the Independence School District will ensure that each learner will achieve the skills and self-confidence to be successful in an ever-changing world.

School District Values

All students can learn
All people have the right to be accepted and treated with respect
Schools will be safe, orderly and caring environments
Effective teaching / learning is the responsibility of the family, school and community

School District Goals

Increase student achievement
Attract, support, and retain high quality staff
Improve relationships through effective communication
Maximize resources to facilitate learning

School Board Organization

School Board Purpose and Roles

The Board of Education is a representative body elected by the registered voters of the Independence School District. It is the purpose and the role of the Board of Education to exercise general supervision over the schools of the district, and to ensure that the schools are maintained as provided in state statutes, the rules and regulations of the Missouri State Board of Education and/or the Missouri Department of Elementary and Secondary Education, and the policies, rules and regulations of the school district. In addition, the Board is accountable to the electorate, and shall be responsive to the educational needs and imposed financial constraints of the district. In conducting its various functions as the legislative and policy-making authority for the district, the Board recognizes the following general responsibilities as paramount:

Legislative and Policy Making – The Board is responsible for the development of policies, rules and regulations to serve as guidelines for the general management and administrative actions of the district. The establishment of the goals and objectives of the school district and the methods of financial support needed to reach those goals and objectives are a part of the policy-making function of the Board.

Executive – The Board shall employ a superintendent to serve as the chief executive officer of the district. The Board shall delegate, in writing to the superintendent, the executive and administrative duties and responsibilities necessary for carrying out its policies, and shall hold the superintendent accountable.

Appraisal – The Board is responsible for evaluating the effectiveness of its policies and their implementation to determine the efficiency of operation, the value of the activities and instruction and the need to revise existing activities and programs. The Board shall hold the superintendent responsible for furnishing complete information necessary for the Board's evaluation of the district's programs.

Provision of Financial Resources – The Board is responsible for the adoption of the annual budget, which will provide financial basis for personnel, facilities, materials and equipment to enable the district to carry out its educational program. The Board will exercise fiscal responsibility that includes long range implications as well as short range effect.

Staffing and Appraisal – The Board is responsible for employing the professional and support staff necessary for carrying out the district's instructional program. The Board is also responsible for establishing salary schedules, terms of employment, and other policies district-wide, and for regular evaluation of its staff.

Public Relations – The Board is responsible for keeping the district patrons informed about the schools, and for keeping itself and the school staff informed about the needs and wishes of the public.

Policy 0310
Page 2

Educational Planning and Evaluation – The Board is responsible for establishing educational goals which will guide both the Board and the staff in working together toward the continued improvement of the educational programs of the district. It is responsible for providing for an ongoing evaluation of the school program as measured through the goals and objectives set forth by the Independence School District and by the Missouri State Board of Education.

Judicial – The Board is responsible for acting as a court of appeals for the professional and support staff members, students, and the district patrons when issues involve Board policies and their fair implementation.

The Board of Education shall control all aspects of the operations of the district within the limits of the law. However, the Board will make its members, the district professional and support staff, and the district patrons aware that the Board has the authority to take official action only when it is acting as a whole. The Board shall be the final authority. No section of the policies, rules and regulations may be construed to limit the statutory powers of the Board to exercise its own prudent judgment.

The achievement level of students shall be the guiding standard through which all success shall be measured.

School Board Organization

Statement of Practices

Attendance

Members shall attend all regularly scheduled Board of Education meetings insofar as possible. Any member failing to attend the meeting of the Board for three (3) consecutive regular meetings, unless excused by a majority of the Board for reasons satisfactory to the Board, shall be deemed to have vacated the seat; and the secretary of the Board shall certify that fact to the Board. The vacancy shall be filled as other vacancies occurring in the Board. Attendance for purposes of this provision shall be defined as actual, physical attendance at the Board meeting until all of the business of the Board has been completed unless a member is excused by a majority of the Board.

The Board will allow members to participate electronically in meetings where other Board members are physically present, and the Board may hold meetings where all Board members participate electronically. The participation may occur by telephone, videoconference, or other electronic means. Board members may not simply vote electronically but must be connected with the meeting throughout the discussion of business and must be able to both hear and participate in the discussion. If a Board member electronically joins the meeting after an item of business has been opened, the remotely located member shall not participate until the next item of business is opened.

In accordance with law, Board members who participate in a meeting by videoconferencing may discuss and vote on issues in both open and closed sessions, regardless of the method by which the vote is taken. Board members participating electronically by other means, such as by telephone, may discuss issues and vote as long as the vote is not made by roll call. Board members participating electronically using methods other than videoconferencing may not cast roll call votes, regardless of whether those votes occur in open or closed session, unless a district emergency exists and a quorum of the Board is physically present at the meeting. If such an emergency exists, the nature of the district emergency shall be stated in the minutes.

Knowledge

Members shall come to Board of Education meetings informed concerning the issues to be considered.

Abstentions

Members shall avoid abstaining except when required by statute or Board policy. The members of the Board have been elected to make difficult decisions on behalf of the students, parents, patrons and employees of the district. The concept of trusteeship requires each member to review the issues under the Board's consideration and to take a stand regarding those issues. A member who has

conformed to the above-described tenets of knowledge, open discussion, and independent judgment, and independent and civility should be prepared to cast a vote on each of the issues before that member.

Cooperation/Delegation

Members shall work with other Board members to establish effective Board policies and to delegate authority for the administration of the schools to the Superintendent. Members shall not attempt to by-pass, undermine, or usurp the Superintendent's authority and responsibility for the daily operation of the schools.

Conflict of Interest (Refer to Policy and Regulation 0342 – Nepotism, Conflict of Interest and Financial Disclosure)

Members shall avoid being placed in a position of conflict of interest, and shall not use the Board position for personal or partisan gain. Members shall conduct themselves in accordance with the conflict of interest policy and disclosure requirements prescribed by statute and Board policy.

Confidentiality

Members shall not disclose confidential information. Information is confidential if it is (a) communicated during executive session; or (b) otherwise communicated with a mutual understanding of confidentiality.

Acceptance of Gifts

Members shall not solicit or accept gifts, payments, or anything greater than a nominal value item or holiday gifts of nominal value from any person, organization, group, or entity doing business or desiring to do business with the School District.

Contact with Vendors

Members, if contacted by a vendor requesting information about the District's bidding procedures, whether of a general nature or with regard to specific goods or services to be bid, shall provide the vendor with the name and business telephone number of the administrator responsible for purchasing such goods or services. The member shall request that the vendor contact the relevant administrator and direct all questions and concerns to that administrator.

Board Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent, and the Superintendent will employ such media as are appropriate to keep the staff fully informed of the Board's concerns and actions.

Visits to Schools

Individual Board members who, in their parental capacity, wish to visit the school(s) or classroom(s) of their child(ren) will follow the regular procedures for visitors. Board members who wish to visit other schools or classrooms as an informal expression of interest in school affairs will report to the principal's office on entering the building so that the office will be aware of their presence. Official visits by Board members will be conducted only with the full knowledge of the Superintendent and principal(s) involved.

Educational Welfare

Members shall remember always that the first and greatest concern must be the educational welfare of the students attending the School District.

School Board Elections and Term

The qualified voters of the School District shall biennially, on the first Tuesday after the first Monday of April, elect two (2) directors for terms of six (6) years, except, effective for Board elections beginning in April of 1994, and each six years thereafter, when three (3) directors shall be elected for terms of six (6) years.

An election shall not be held if the number of candidates who have filed for the Board is equal to the number of positions available, unless a ballot proposition (i.e. tax levy, bond issue) is on the ballot as well. If no election would be held due to the number of candidates equaling the number of vacancies when there is not a ballot proposition on the ballot, the District will publish a notice containing the names of the candidates who will assume a Board directorship absent an election. This notice will be published in a newspaper of general circulation in the District on or by March 1 prior to the scheduled election.

Qualified Voters in the School District

An individual must be a registered voter in order to vote in a school election. In order to vote, a person must be eighteen (18) years of age or older, must be a citizen of the United States, and must reside in the School District thirty (30) days.

Candidate Qualification - Method of Filing

Qualified applicants for the Board may file for office beginning at 8:00 a.m. in the Superintendent's office commencing on the seventeenth (17th) Tuesday prior to the election and ending at 5:00 p.m. on the fourteenth (14th) Tuesday before the election. The candidate shall declare his/her intent to become a candidate, in person and in writing to the secretary of the Board of Education. The names of qualified candidates shall be placed on the ballot in the order of filing. The notice of election and certification of candidates must be submitted to the county clerk by the tenth Tuesday prior to the election. Candidates must comply with all of the prevailing laws concerning eligibility and campaign financing.

A candidate who files for one vacancy and later decides to run for another shall be positioned on the ballot according to the time when his/her change of declaration is received by the secretary of the Board, not on the basis of when the first petition was filed.

Candidates must be citizens of the United States and resident taxpayers of the District, reside in his/her state for one year next preceding their election or appointment, and be at least twenty-four (24) years of age. Candidate must also complete a notarized copy of Missouri Department of Revenue Form 5120 (MCE Form 0320) attesting that the candidate is not currently aware of any

delinquency in the filing or payment of state income taxes, personal property taxes, municipal taxes or real property taxes on the candidate's place of residence provided on the Department of Revenue Form 5120. Candidates will be disqualified from participation in a Board election if the candidate is delinquent in the payment of any state income taxes, personal property taxes, municipal taxes, or real property taxes on the residence of the candidate. The candidate must further attest that they are not a past or present corporate officer of the office that owes any taxes to the state, which are not in dispute. Failure to accurately complete and file Form 5120 with the Department of Revenue may disqualify a candidate from the ballot. Each newly elected or appointed director shall qualify and take his/her oath of office in the manner prescribed by law and according to Policy 0330 - Oath of Office.

No person may be a candidate for a position on the Board if such person is registered as a sex offender or is required to be registered as a sex offender under state law. Any Board member who is likewise required to register or who is registered as a sex offender under state law will immediately be requested by the Board to resign from the Board. Should such Board member refuse to resign, the member will be ineligible to serve as a Board member at the end of his/her term.

In addition, no person shall qualify as a candidate for the Board of Education who has been found guilty of or has pled guilty to a felony or misdemeanor under federal law or to a felony under Missouri law or has been found guilty of an offense in another state, that would be considered to be a felony in the State of Missouri.

It is not the District's responsibility to investigate and determine a candidate's eligibility. That responsibility rests with the Department of Revenue and/or the County Election Authority.

Expenditure of District Funds

No contribution or expenditure of District funds will be made directly by any officer, employee, or agent of the District to advocate, support, or oppose the passage or defeat of any ballot measure, or the nomination or election of any candidate for public office, or to direct any public funds to, or pay any debts, or obligations of any committee supporting or opposing such ballot measure or candidates. This policy shall not be construed to prohibit any district official from making public appearances or from issuing press releases concerning such ballot issue.

Within seven (7) days after their election, the newly elected or appointed members of the Board shall take the oath of office prescribed by Article VII, Section II, of the Constitution of Missouri, RSMo. Section 162.301(1).

OATH OF OFFICE

I, _____, do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of Missouri, and that I will faithfully and impartially discharge the duties of school director in and for The School District of the City of Independence, County of Jackson, State of Missouri, to the best of my ability according to the law, so help me God.

Code of Ethics

The Board shall be guided by the following:

- A. As a member of a local Board, representing all citizens of my district, I recognize:
 - 1. That my fellow citizens have entrusted me with the educational development of the children and youth of this community.
 - 2. That the public expects my first and greatest concern to be in the best interest of each and every one of these young people without distinction as to who they are, what their background may be, or where they may live.
 - 3. That the future welfare of this community, of the State and of the nation depends in the largest measure upon the quality of educational experiences we provide in the public schools to fit the needs of every learner.
 - 4. That my fellow Board members and I must take the initiative in helping all the people of this community to have all the facts all the time about their schools, to the end that they will readily provide the finest school program, school staff and school facilities.
 - 5. That legally, the authority of the Board is derived from the State which ultimately controls the organization and operation of the school district and which determines the degree of discretionary power left with the Board and the people of this community for the exercise of local autonomy.
 - 6. That I must never neglect my personal obligation to the community and my legal obligation to the State, nor surrender these responsibilities to any other person, group or organization; but beyond these, I have a moral and civic obligation to the Nation which can remain strong and free only so long as public schools in the United States are kept free and strong.

- B. In view of the foregoing consideration, it shall be my constant endeavor:
 - 1. To devote time, thought and study to the duties and responsibilities of a school Board member so that I may render effective and creditable service.
 - 2. To work with my fellow Board members in a spirit of harmony and cooperation in spite of differences of opinion that arise during vigorous debate of points and issues.

3. To base my personal decision upon all available facts in each situation; to vote my honest conviction in every case, unswayed by partisan bias of any kind; thereafter to abide by and upon the final majority decision of the Board.
4. To resist every temptation and outside pressure to use my position as Board member to benefit either myself or any other individual or agency apart from the total interest of the district.
5. To bear in mind under all circumstances that the primary function of the Board is to establish policies by which the schools are to be administered, but that the administration of school matters shall be left to the employed superintendent and his or her professional or non-professional staff.
6. To welcome and encourage active cooperation by citizens and organizations in the district with respect to establishing policy on current school operation and proposed future developments.
7. Finally, to strive step by step toward ideal conditions for the most effective Board service to my community, in a spirit of teamwork and devotion to public education as the greatest instrument for the preservation and perpetuation of our representative democracy.

Requests to Address the Board

The Board is very interested in citizen viewpoints and problems, however, citizens are encouraged to work through problems at the building and/or administrative levels before coming to the Board. District residents and employees who desire to address the Board during the public comment period must present items to be considered for placement on the agenda. This request must be in writing, specifying the individual's name who will be addressing the Board, the subject of the presentation, supporting data, and the desired action. The Board President and the Superintendent shall determine whether or not the request is appropriate for inclusion on the agenda, either in open or closed session, or for public comment.

The Board may refuse to address an issue if the individual proposing the topic has not first attempted to resolve the matter through the appropriate established procedures and policies. The Board reserves the right to impose reasonable restrictions on the number of items placed on the agenda and the number of spokespersons for any given public comment period. In the event the Board agenda is full, items may be rescheduled for the next regular Board meeting.
