The role of the District's Board is to govern the community's public schools by making the major decisions for the District as a whole. The Board collectively makes these decisions and individual Board members do not have the power to speak or act for the Board. The Board as a whole, by working with the Superintendent to make decisions that will best serve the District's students, will govern the community's schools. Accordingly, complaints or concerns made to Board members will be referred to the appropriate District point of contact for resolution.

### Character

Character Traits is a program designed to emphasize positive character traits in all areas of your life. The traits listed below will be blended into your curriculum, your extra-curricular activities, and our community as a whole. To recognize good citizenship and outstanding character, students will be recognized each month who exemplify the character trait of the month.

Focus Traits throughout the year:

JANUARY	Respect	JULY	Loyalty
FEBRUARY	Cooperation	AUGUST	Ambition
MARCH	Initiative	SEPTEMBER	Responsibility

### Counselor/Family School Liaison

Our counselors and family school liaisons are a valuable resource for students and parents by assisting with individual counseling, support groups, family services, and career education. A student may see the counselor/FSL by setting up an appointment before or after school. The counselor/FSL will send a pass for the student.

### Attendance and Absence Procedures S-115-S

The Independence School District is committed to quality education for every student. We recognize that preparing learners today for college or career readiness requires very competitive skills. In order to meet these learning goals for our students, attendance is extremely important. When a child misses out on instruction at school, even the best options we have to try and catch him/her up do not equal the effectiveness of being in class with peers and highly qualified educators.

We know that when barriers exist preventing a student from regular school attendance and/or participation in class, it is our responsibility to address the situation. The Independence School District will use increasing levels of support as student absences

or behaviors that prevent full participation at school increase. It is expected that the home, student, and school work together as a team in this process. Students are expected to come to school and attend each class.

### Expectations for Attendance

The Board of Education believes that regular attendance is essential to achieving success in school. Education is a total process based upon continual communication and shared responsibilities among parents, students, teachers and school. As students mature and progress through the educational system, they should increasingly assume responsibility for regular attendance. However, parents have a legal and moral responsibility to require regular attendance at school.

Attendance is essential for learning. By law, all children must attend school from the age of 7 until the age of 17. Parents/guardians are accountable for the attendance of their child. The District will inform parents/guardians of their student's absence and support families when attendance becomes a concern. It is the responsibility of the student to make up work due to an absence. The administration makes the final determination regarding whether an absence is excused or unexcused.

According to MSHSAA bylaws, if a student misses one or more classes without being excused by an administrator, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes without an unexcused absence. Excessive absences may affect your grades and will be addressed by school administrators, family school liaisons, and/or School Resource Officers.

### Procedures for Reporting an Absence

**Students who stay home from school are required to have a parent/guardian call the school attendance office for each day you are absent.** We encourage medical appointments to be made after school hours whenever possible to reduce the amount of learning time lost.

Parents/guardians of students who did not call the school will be contacted by the District to notify them of the student's absence and request absence verification. Students who arrive late or check out early must sign in/out in the office. **Only persons listed on the data sheet or Power School will be permitted to check students out from school. ID's will be verified.**

### Student Pre-Excuse Form

Students expecting to miss school for a family event, college visit or other planned activity should fill out a pre-excuse form, obtain proper signatures and permission and file it with the attendance office in advance of the date(s) the student will be absent. Filling out the form does not automatically mean the absence will be excused, and all absences count against the attendance policy except medical (with doctor's note), death in the family or a family emergency as determined by the administration. Emergency situations (funeral out of town, critical immediate family

illness, etc.) will not always require this form, especially if an emergency occurs over the weekend, during the night, etc.

### Excused Absences

If a student must miss school due to illness, family emergency, doctor appointment, court date, a funeral, or other personal reasons, their parents need to notify the attendance office as soon as possible. A message can be left 24 hours a day by calling the attendance line found in the front of this handbook. Please note, however, “excused” absences still count against the overall attendance percentage.

It is the responsibility of the student to make arrangements with his/her teachers to make up work or time missed during an excused absence.

***Students who do not meet the above-mentioned criteria will be considered to be in noncompliance with these attendance procedures and will be assigned an unexcused absence for time missed.***

The administration may request documentation to determine whether an absence is excused. Excused absences are allowed for:

- Illness of the student
- Medical appointments that cannot be scheduled outside the school day
- Serious illness or death of a family member
- Religious observances
- School-sponsored activities (e.g., field trips, athletics, competitions, etc.)
- Court appearances or other legal situations beyond the control of the family
- Emergency situations as approved by the principal
- Visits from a parent or guardian on active military duty who is on leave from, will be immediately deployed, or immediately returned with notification and approval of the principal
- Suspensions
- An absence which has been requested and approved in advance by the principal due to exceptional circumstances. In these situations, make-up work should be requested in advance of the absence and any tests, projects, or in-class assignments will be made up at the direction of the teacher.

### Unexcused Absences

Absence for reasons other than the categories of excusable reasons, or that does not have the proper documentation for an excused absence as determined by the principal, will be considered unexcused. Excessive, unexcused absences will result in written notice from the principal to the parents/guardians. The principal may request a parent/guardian conference to discuss attendance concerns and a collaborative plan may be developed to remove barriers to attendance. When attendance remains problematic, the school may contact the appropriate agencies and/or authorities for assistance.

### Late Arrival/Tardiness

Punctuality is important. Students who are tardy to class will be marked in PowerSchool. A late arrival or tardy occurs when a student arrives after the expected class period has begun, as determined by the District. The District will count tardiness as an absence after the student is 15 minutes late.

Students with excessive or persistent issues with being tardy to class will face disciplinary action by the administration.

All students arriving late to school must report to the office for a pass.

### Truancy

Truancy is when the student is absent from school without permission of the parents/guardians or school official. Truancy includes, but is not limited to, skipped classes, falsely informing the school about the reason(s) for the absence, or absences that have not been pre-arranged and pre-approved as excused. The District may assign disciplinary measures for truancy. Families are entitled to appeal assigned consequences to the Superintendent or designee.

### Principal Retains Right to Determine Truancy

Truancy means being absent for any reason other than those reasons established as being acceptable by a principal. The principal has the right to determine whether an absence is excused or unexcused.

### Monday Schools

Monday Schools will be offering students enrichment, attendance recovery, credit recovery, and tutoring opportunities.

### Procedures for Checking In/Out of School

Students should not leave the building or school grounds for any reason without first receiving permission from their parents and signing out at the attendance office. Failure to do this will be considered truancy. To excuse them, a parent/guardian must call before the student leaves. A parent/guardian calling after the fact does not excuse the student from checking out without prior permission. Failure to follow the proper procedures will be considered insubordination and will result in disciplinary action.

Early dismissal will be permitted only after the attendance secretary or principal verifies, by phone or personal contact, the parent/guardian's consent for the student to leave the school. Students bringing notes to school in the morning from a parent/guardian should drop the note off before school begins at the attendance office as early as possible so the check-out may be verified by phone before the student needs to leave.

Proof of appointments during school hours will be necessary. Students will need to bring a doctor's note back to school for the absence to be marked medical.

Students returning to school during the day must go to the office and sign in before going to class.

### Dress Code S-180-S

The Independence School District believes that respect for oneself and respect for the greater community of students and staff is reflected in the way one chooses to dress. The way a student chooses to dress should not be a distraction or a disruption to the learning environment of others. Therefore, students should wear clothing that is appropriate for school and is not distracting, disrespectful, offensive, or unsafe. The following guidelines have been adopted to help advise students on proper and appropriate attire:

1. Students must be covered adequately. Because revealing clothing can be distracting to the learning process, the following guidelines must be followed when choosing apparel for school:
  - Shirts must have straps at least 2 inches wide and completely cover the chest, back, and stomach.
  - Sheer fabrics may be worn only if clothing providing appropriate coverage is worn underneath.
  - Undergarments may not be showing at any time. Clothing must completely cover the student's undergarments both sitting and standing.
  - Pants, jeans, shorts, skirts, and dresses must provide adequate coverage of the student's legs, buttocks, abdomen, lower back, and undergarments both sitting and standing.
  - Pants must be worn around the waist. Because loose pants or shorts that appear in danger of falling off send a sexually inappropriate message and are not acceptable clothing for school.
2. Clothing is considered inappropriate that promote substances or acts that are illegal in a public school, and clothing that makes specific or innuendo references to alcohol, drugs, tobacco, violent behavior or sexual activity is unacceptable. This also includes, clothing with language or symbols that promote gangs. Clothing that depicts discrimination against others based on their race, ethnicity, gender, religion, physical disability, or sexual orientation, and clothing deemed disrespectful of any of these groups is unacceptable. This guideline includes all jewelry and accessories worn in school.
3. No clothing item can be worn in a way that conceals the identity of the student. For safety purposes, students must be able to be identified by staff and students.
4. Hats may not be worn inside the building during the school day. This includes stocking caps, scarves, bandanas, "do rags", hoods, or other headwear.
5. Soled shoes must be worn at all times. Because a fire or weather emergency could cause unsafe debris on the floor, soled shoes must be worn at all times. Soft-soled house shoes or slippers are considered unsafe, as they would not provide adequate protection for students' feet in an emergency situation.
6. Sunglasses may not be brought to school or worn in any manner. Sunglasses interfere with students' ability to read and make eye contact with other students and staff. Sunglasses also inhibit the ability of the

faculty to safely identify students. Sunglasses are not permitted inside the building, unless under a doctor's prescription.

7. Face paint, overly dramatic make-up, and non-approved face masks may not be worn. Because this could create an unsafe environment, covering of the face is not permitted.

8. Costumes may not be worn to school, in the school building, or to a school sponsored event unless pre-approved by administration in relation to a school spirit day.

9. No chains over 12 inches and no spiked bracelets or necklaces are permitted.

10. No blankets shall be carried or worn as coats or to wrap up while in the classroom. The temperature in the building is regulated according to the outside temperature and kept at a comfortable setting for the learning environment of the student.

Exceptions to the Dress Code requirements may be made by Building Administration or designee for special events (i.e. spirit week).

Because we believe our students are capable of dressing appropriately within these guidelines, any faculty member has the right to address dress code violations. Should it become necessary for a student to miss class time in order to correct his or her clothing, the time missed is considered unexcused.

- Violation 1 – Warning and modification required.
- Violation 2 – Provided modification, if possible, and parental contact.
- Violation 3 and beyond – Sent home for appropriate clothing. Not an excused absence.

As fashion trends develop, the administration may determine other styles of clothing are not appropriate, and it is they who have the final right to decide what is acceptable attire for school.

#### Additional Dress Code Information

Courses and/or class activities that require observance of specific safety requirements may require adjustments of a student's clothing, accessories, or hair style for the duration of the class (e.g., hair pulled back and/or hair nets for culinary classes or other safety wear, etc.). Other dress code requirements may be articulated for students participating in certain extracurricular activities.

Violations of the District dress code will be addressed with remedial actions and/or consequences.

#### Food Service Program F-285-S

##### Breakfast and Lunch

Breakfast is served from the opening of school until the first warning bell.

Lunch is served daily in shifts, and will be determined by the teacher you have during the lunch period.

Students are required to only use the lunchtime assigned to their class. Students should report directly to the cafeteria for their lunch shift, and remain in the cafeteria area until dismissed. Students are not allowed to leave the school building without permission from an administrator. During lunch, students should use the restrooms near the cafeteria.

Students who leave the building for lunch, refuse to go to the cafeteria or are found in other parts of the building during lunch may be assigned consequences as needed. Students should not stay in the cafeteria more than their assigned lunch periods. Being in the cafeteria during designated class time is truancy and will be dealt with under school policy.

Faculty and staff may move to the front of the line in the cafeteria in order to have sufficient time to perform required duties.

Parents/guardians will receive a notice if their child has an unpaid lunch charge. If the charge(s) continues to be unpaid, a telephone call to the parent will be made.

#### 2023-2024 Meal Prices

Students:	breakfast \$1.90	lunch \$3.00
Adults:	Meal prices will be determined in August.	

#### School Meal Balances

It is extremely important that parents/guardians pay off meal balances in a timely manner. Unpaid meal balances at the end of every school year are taken out of each school's building budget. That means money is taken from other opportunities that would enrich and support student learning. This is why the Independence School District makes every effort to work with our families to get these paid. The Independence School District would never let a student go hungry. All ISD students are receiving meals.

If parents/guardians do not make payments by their school's designated date or enter into a payment agreement, this will become an obligation in their account. If a payment isn't made or a payment agreement isn't worked out in good faith, grade cards, diplomas, teacher assignments, field days, schedules and parking passes may be withheld pending a payment or payment agreement. Parents and guardians with outstanding balances will not be able to sign-up for additional services, including Kids Safari and Early Education. If a balance is accrued and a payment arrangement isn't made, services including Kids Safari and Early Education may be canceled. Our Family School Liaison (FSL) at each school works with families to assist and support. If you would like additional support and services through our FSL's, parents/guardians should contact your child's school directly. If you have questions about payments or a payment plan, please reach out to your child's school.

### Unpaid Meal Charge Policy

Please click here and scroll down the webpage for the ISD Unpaid Meal Charge Policy: <http://sites.isdschools.org/nutrition>

Unpaid meal charges may result in suspension or withholding of some ISD services including but not limited to Kid's Safari and Early Education services, parking privileges, diplomas, grade cards, teacher and classroom assignments, participation in extracurricular activities, etc.

### Lunchroom Expectations

- Use good table manners.
- Use soft voices when talking to others.
- Wait quietly and patiently in line.
- Show respect to lunchroom personnel.
- Do not share food.
- Leave all food on the tray until paid for. Do not eat food while in line to pay.
- Wearing coats, jackets and hoodies is discouraged when entering a meal serving area.
- No cutting in line, saving of seats, or having one student purchase food for another.
- Students must have money and/or their PIN number ready when they reach the cashier.
- Students will sit in tables designated by their lunch hour teacher and remain seated at those tables during the entire lunch shift.
- Students are not permitted to eat fast-food items in the nutrition center, but may eat their lunch in another designated location.
- Food and drink are NOT allowed outside of the nutrition center. Students should finish all items prior to the end of lunch time.
- Students will be expected to conduct themselves properly while using the cafeteria. Throwing of objects or creating any disturbance will result in a disciplinary consequence. Students may be required to assist with clean-up duty, silent lunch detention, and /or referral to an administrator.

Beverage and snack machines are a privilege provided throughout the building. A student must have a pass from a faculty member to use the machines during class time.

We strongly discourage students from bringing soft drinks and/or candy in lunches brought from home.

### Free and Reduced Lunch Application

The Independence School District offers breakfast and lunch each school day. Families needing financial assistance with meals may fill out a free/reduced lunch application. Applications will be processed as soon as possible and a notice sent to you from Nutrition Services. You can access the application online at <https://www.myschoolapps.com/Home/DistrictNotReady/594>. It is important to note

that schools receive federal funding based on the number of students qualifying for free or reduced lunches. Please take advantage of this program if you qualify. All families receiving assistance are kept in confidence.

Applications for free and reduced meal benefits must be submitted every year to maintain meal benefits from July 1 through June 30. Income guidelines do change annually on July 1. All households who apply for meal benefits will be notified by mail whether approved or denied. Any student receiving free or reduced-price meal benefits in a given school year will have those benefits extended to them for the first thirty days of the following school year. This is to allow the filling out of a new application with no interruption of service or accumulation of meal charges for this time frame. If at the end of these thirty days no application is received, a student's status will be changed to full-pay and meal charges will start accruing. All accumulated charges are the parent's/guardian's responsibility to pay.

#### *Adult Visitors for Lunch*

The District does not allow students to have adult visitors for lunch. The District discourages parents from dropping off outside food for students.

#### *Allergy Prevention and Response S-145-S*

The District is required to ensure students with allergies are safe at school through planned prevention and response to a student's allergic reaction. For purposes of District policy and related procedures, an allergic reaction occurs when the immune system overreacts to a typically harmless substance and may be mild to life-threatening. Allergy prevention and response protocols apply to all school locations, including nonacademic, school-sponsored activities and transportation provided by the District. The Board authorizes the Superintendent or designee to develop and implement procedures to protect the health and well-being of students with significant allergies.

#### *Building-Wide and Classroom Approaches*

Staff members shall not use air fresheners, oils, candles, incense or other such items intended to add fragrance in any district facilities. This provision will not be construed to prohibit the use of personal care items that contain added fragrance, but the principal may require staff members to refrain from the use of personal care items with added fragrance under particular circumstances. Staff members are prohibited from using cleaning materials, disinfectants, pesticides or other chemicals except those provided by the District.

No food preparation or consumption will take place in any instructional area unless the instructor has permission from the building administrator. Courses that include food preparation or consumption as a regular part of the curriculum are exempt from this provision, but instructors in these courses have an increased responsibility to monitor student adherence to prevention procedures.

Except as otherwise outlined in this procedure, bus drivers will not allow students to eat or drink on district transportation unless the student has written permission from his or her building principal. Written permission will be provided if the student has a medical need to consume food or beverages during the time the student is transported. A student who has a medical need to consume food or beverages on district transportation must have an IEP, 504 Plan or IHP that addresses which foods or beverages the student may consume. Students being transported to and from activities on district transportation may be allowed to consume food and beverages if the staff member serving as sponsor has verified that none of the students being transported have documented life-threatening food allergies.

### Latex Allergies

Latex-free gloves and bandages are used in the school health clinics. We recognize that it is difficult, if not impossible, to completely avoid all latex allergy-causing products because they can be hidden or accidentally introduced. Parents/guardians should notify the school nurse if their student has a diagnosed allergy.

Parents/guardians should provide, at the time of enrollment and upon diagnosis, information on any allergies the student may have. The school nurse may request written permission from the parents/guardians to communicate with a student's health care provider as needed. Staff members are trained annually on risk reduction strategies, symptom recognition, and response procedures. The school nurse has an emergency kit available and accessible in all school buildings containing prefilled auto syringes of epinephrine and asthma-related medications, Narcan, and Benadryl as allowed by District rules.

The District will provide age-appropriate education for students, consistent with state learning standards, including potential causes of allergic reactions, information on avoiding allergens, symptoms of allergic reactions, and simple steps a student can take to keep classmates safe.

All processed foods, including food sold in vending machines, are labeled with a complete list of ingredients on each individual package. Ingredient lists will be created for all food provided through the District's nutrition program, including before- and after-school programs, which are available upon request. This also applies to items sold as part of concessions, fundraisers, and classroom activities. All foods sold to all students during the school day are under the scrutiny of USDA's National School Lunch Program regulations, which were created to promote high standards for all foods made available to children. Independence School District strictly adheres to the nutrition regulations.

### Individual Approaches

The District will evaluate and determine whether a student's allergies rises to the level of a disability that require accommodations through the provisions of an Individual

Education Plan (IEP) or Section 504 Plan (504). For those students who have allergies that do not rise to the level of disability, a designated team may develop an Individual Health Plan (IHP) and/or Emergency Action Plan (EAP). Staff who have a need to know about a student's allergies and plan will be informed and trained, and all staff members will follow any IEP, 504 Plan, IHP, and/or EAP.

A student's health information and individualized plan will be kept confidential and not shared with those who do not have a need to know unless authorized by the parent/guardian or as allowed by the Family Educational Rights and Privacy Act (FERPA). The District will communicate and collaborate at least annually with parents/guardians regarding the student's allergies, medications, restrictions/precautions, emergency contacts and any other relevant information to keep the student safe.

### Health Services S-215-S

Health services are provided under the direction of a school nurse. A nurse, who is a registered nurse (RN) or a licensed practical nurse (LPN), will be on duty during school hours. The school nurse for your student's building may provide services in other buildings as well. Although the nurse may be not physically present at all times in a specific building, the nurse is always on call and there are trained employees in the building to provide first aid, dispense medication, and support the needs presented in the health office. It is very important that parents/guardians yearly provide the health clinic and office with emergency telephone numbers and current work numbers and update whenever changes occur. Parents/guardians should provide, at the time of enrollment and upon diagnosis, information on any health conditions their student may have.

### Illnesses/Injuries

The school nurse is available to provide first aid and to assess any child who is injured. Parents/guardians will be notified when a serious injury has occurred at school.

Students with contagious conditions are not allowed to attend school during the time they are likely to transmit an illness. This not only gives the student an opportunity to rest and recover, but also, keeps others at school from becoming infected. If a student becomes ill while at school, the parents/guardians are expected to make arrangements to transport the student home promptly.

A student should NOT be in school if any of the following are present:

- Fever or chills. A student with a fever should not return to school until the temperature has been normal for 24 hours without the use of any fever-reducing medication during that time. A fever is defined as a temperature of 100 degrees or more by mouth or 99 degrees or more axillary (under the arm).
- Nausea, vomiting, or diarrhea. A student who experiences gastrointestinal upsets should not return to school until 24 hours after the symptoms have

subsided without the use of medication to treat the symptoms within that 24 hour times frame.

- Cough, sore throat, or cold symptoms severe enough to interfere with the student's ability to learn.
- Severe, persistent pain or other signs of illness (listlessness, irritability, unusual behavior, etc.). The student should be checked by a physician to determine the cause and the proper treatment.
- Earache or drainage from the ears.
- Inflamed or reddened eyes. A physician should be consulted (especially if the eyes are watering, itching, or draining) to determine if pink eye exists.
- Skin lesions, sores, or rashes. A physician should evaluate a student with skin abnormalities to determine the appropriate treatment and whether it is safe for the student to attend school.

A student who has been ill should not return to school until he or she is over the illness. Since a student who returns too soon often experiences a relapse, it is in the student's best interest to stay at home until recovery is complete.

If a student is ill, the nurse is notified immediately. Parents will be called and the student will typically wait in the nurse's office for the parents to pick them up. If the parents cannot be reached, the District will call the emergency contacts for the student.

### COVID-19

If a student or staff member presents signs or symptoms of COVID-19 such as fever (100 degrees or greater), or two of the following: cough, shortness of breath, difficulty breathing, sore throat, chills, muscle pain, loss of taste or smell, the student or staff member should not return to school/work until they have worked with the school nurse. The nurse can approve students/staff to return if:

- 5 days have passed since the first symptom appeared and
- The student/staff member should be fever-free for 24 hours without the use of fever-reducing medications. Symptoms should also be improving.
- OR student has a doctor confirmed explanation of symptoms or student/staff member tests negative for COVID-19.

### Students/Staff Testing Positive for COVID

If a student/staff member tests positive for COVID-19, the student or staff member should not return to school/work until they have worked with the school nurse. The nurse can approve students/staff to return if:

- 5 days have passed since the first symptom appeared AND
- The student/staff member should also be fever-free for 24 hours without the use of fever-reducing medications. Symptoms should also be improving and the student/staff member should continue to wear a mask around others for 5 additional days.

If the student/staff member who tests positive for COVID-19 did not exhibit any symptoms (asymptomatic), the student/staff member should not return for 5 days after the test was conducted. If symptoms develop during the isolation period, they should exclude themselves from school/work for five days from the onset of symptoms, and be

fever-free for 24 hours without the use of fever-reducing medication. All symptoms should also be improving before returning to school/work.

### COVID Exposures

If a student or staff member is exposed to a positive case of COVID-19 in their home and develop symptoms such as fever (100 degrees or greater), cough, shortness of breath, difficulty breathing, sore throat, chills, muscle pain, loss of taste or smell, the student or staff member should not return to school/work until they have worked with the school nurse. The nurse can approve students/staff to return if:

- 5 days have passed since the first symptom appeared AND
- The student/staff member should be fever-free for 24 hours without the use of fever-reducing medications. Symptoms should also be improving.

In any event, students may not leave school without office permission. The nurse must release a student through contact with the parent. Any student leaving school for a health reason and not checking out through the clinic will not be considered excused.

Students should never clean up any other student's body fluid. Students should notify the office if there is a need for something to be cleaned up.

### Health Screenings

The Health Services Department and/or community partners provide health screenings to identify students with possible needs at the earliest stage in order to refer for diagnosis and treatment. Parents will have access to screening results through PowerSchool. The screening schedule is available each year by asking your school nurse for a copy. **If you wish to exclude your student from the screening program, please notify your school nurse.**

### Head Lice

The objectives of these guidelines are to create a consistent approach in all Independence Schools to manage head lice. The Independence School District has the support and resources of the Jackson County Health Department, child services and community social services through District Family School Liaisons.

The Independence School District has accepted the recommendation of the Missouri Department of Health and Senior Services, cited in Prevention and Control of Communicable Diseases, A Guide for School Administrators, Nurses, Teachers and Child Care Providers, as well as the recommendations from the American Academy of Pediatrics.

- Schools will not perform routine school wide head lice screenings. However, the school nurse will perform individual screenings on students who are symptomatic.
  - Symptoms of head lice infestation are: Itching, tickling feeling or sensation of something moving in the hair, irritability and sleeplessness, sores on the head caused by scratching.
- If the school nurse should identify a student with live head lice or the student has viable eggs they will be allowed to return to class, but will be excluded from school

after that day. Siblings of the affected students should also be screened. The student should receive treatment before returning to school. Parent/Guardian must accompany the student to the school nurse to be rescreened after treatment. If live head lice or viable eggs remain, the student will not be allowed to return to school and the school nurse will clarify with the parent/guardian on treatment options. Once the student shows no signs of live head lice or viable eggs they will be allowed to return. It is not necessary for all non-viable nits to be removed from the hair to return to school, but it is highly recommended.

- Active head lice will be identified as: Live lice or viable eggs "nits" that are within 1/4 from the scalp.
- Egg/Viable nit: located within 1/4 of the scalp
- Non-viable nit: located away from the scalp at least 1/4
- Students who have had an active case of head lice will be rescreened within 6-10 days following their return to school. If live lice or viable eggs are present the parent/guardian will be notified and retreatment is required for the child to attend school.
- The decision to send home communication to parents/guardians regarding head lice in a specific classroom, grade level, or school, will be at the discretion of the building nurse in collaboration with the Director of Health Services.

If there is no follow-up by the parent/guardian, the student has not returned to school within two days, the school nurse will enlist the assistance of the Family School Liaison. Parents/guardians are to involve school and community resources early to avoid attendance and truancy issues.

### Bed Bugs

**The Independence School District has a procedure in place for when bed bugs are found. Our first priority is to maintain the student(s) family privacy.**

Procedures if bed bugs are found are as follows:

1. The school staff and nurse will discreetly work with the student to remove any bugs found to be associated with a student.
2. The school nurse will inform the student's parents/guardians including those applicable homes with blended families. The school nurse or administrator may contact the family and provide educational materials. If there are siblings in other buildings, the nurse in those buildings will be notified to work with those students.
3. The school nurse will notify other building personnel on a need-to-know basis such as the Family School Liaison and/or counselor for additional student/family support.
4. The following departments will be notified in order for proper cleaning and assistance with care of student. The directors of Health Services, Facilities, Transportation and Family Services.
5. Per Missouri Department of Health and State Guidelines, students will not be excluded from the classroom due to bed bugs.

6. Until there is cause to suspect the bed bug issue has been cleared from the home and the child has arrived to school with no signs of bed bugs for 10 days, the following will be done:
  - a. The student will check in with the nurse or designated staff member each morning and be provided with plastic bags or bins in which to store belongings brought from home in order to prevent any bed bugs from spreading in the school. Spare textbooks may need to be provided to the student and left in the classroom
  - b. If the student is found or suspected to have bed bugs on clothing, consider having a set of clean clothing at the school to facilitate a change of clothes for the student while at school. This will aid in decreasing risk of exposure for others in the building. If laundry facilities are available and per parent verbal consent as appropriate, the discarded clothes may be dried in a hot dryer (120 degrees Fahrenheit or higher) for at least 30 minutes to kill any bed bugs. The clothing should be stored in a sealed plastic bag until placed in the dryer. This is done per nursing judgement and only as time and resources permit.
7. Areas of concern will continue to be monitored as needed.

NOTE: The school district may assist families to locate community resources; however, no cost will be assumed by the school district for insect treatment/eradication in the home to include replacing mattresses, or other personal effects.

### Health Office

Parents/guardians with any questions may contact their student's building nurse.

### Administration of Medication S-135-S

All medication is kept in the health office and no medication will be dispensed without written parental permission, including over-the-counter medication. Many medications can be given at home before or after school. When this is not possible, medication must be brought directly to the health office by a parent or guardian and must be accompanied by the following information:

*Non-Prescription Medication* –The parent/guardian must complete a Medication Consent Form with the student's name, reason for the medication, the time the medication is to be given, the dosage, and how the medication is to be administered at school. All over-the-counter medication must be in the original container and accompanied by a doctor's written order containing the above information. Clinics have standing order for over-the-counter medications including, but are not limited to ibuprofen (Advil), acetaminophen (Tylenol), cough drops, antacids, aloe gel, antibiotic ointment, diaper rash cream, glucose tablets, hydrocortisone cream, orajel, or sunscreen. This allows parents or guardians to bring in these medications without doctor's order and such medications will be administered per orders/label instructions. School clinics DO NOT provide Tylenol or Ibuprofen as stock items. They need to be provided with

a consent form signed by the parent/guardian. There are some non-prescription medications that require a doctor's order to be administered by the District. If the medication you wish to be administered to your student is not listed above, please contact your school nurse on how to proceed.

*Prescription Medication* – The parent/guardian must complete a Medication Consent Form with the student's name, doctor's name, medication name, quantity, frequency, reason for the medication, the time the medication is to be given, the dosage, and how the medication is to be administered at school. Prescription medication must be brought to school by a parent or guardian in the original prescription container. The prescription label will serve as the written permission from the physician. If the doctor has given samples of medication, then a written note from the physician is necessary and should include the name of the student, the medication, and the dosage prescribed. The nurse may need to clarify prescription orders with the provider. The District will not administer the first dose of any prescription medication.

School clinics provide the following emergency medication that can be administered in an emergency situation: albuterol by nebulizer, Benadryl, Epinephrine, Narcan, Bacitracin Zinc, Calamine/Callergy lotion, Eucerin lotion, Hibiclens, ophthalmic solution, salt water gargle, Vaseline, warm packs and ice packs.

Only medication approved by the Federal Drug Administration will be given to students with parent and doctor consent. Doses must be within acceptable ranges found in medical and pharmaceutical references. Medically trained personnel can refuse to give medication based on review of the Physician's Desk Reference, consulting with a supervising nurse, physician and pharmacist, or if any of the above listed information is not provided.

All medication will be stored in the school clinic. **No medication of any kind may be carried by a student at school, on school transportation or at school sponsored activities.** Students found with over-the-counter medication or prescription drugs will face consequences up to, and including, out-of-school suspension under District guidelines. Under no circumstances can a student or faculty member give any form of medication to another student unless there are life threatening circumstances and the student is under supervision of a parent or health care professional.

Students are not to carry or have in their locker any type of prescription, vitamin, over-the-counter medication, pills, sugar pills, or anything resembling pills, drugs or medication. Counterfeit drugs will be treated as inappropriate medication and/or illegal and disciplinary action will be taken. Asthma inhalers may be carried by the student only if a parent/guardian or designated adult delivers it to the Health Clinic and completes the appropriate paperwork. Inhalers must have a prescription label which includes the student's name, date, doctor's name, medication name, dosage and frequency. For the safety and protection of all students, the administration will take serious disciplinary action if these rules are not followed.

**A student can be suspended from school for carrying, taking, selling, or giving ANY TYPE of unauthorized substance or substance that was implied to be an unauthorized substance to another student or adult at school, including vitamin or pain-relief products, pills, sugar pills, or anything resembling pills, drugs, or medications.**

When a student has a health condition which needs accommodation or may necessitate emergency care, it is important that the school nurse be informed. Examples of a health condition that would need to be shared with the school nurse include severe allergies, asthma, diabetes, hearing loss, seizure disorder, etc. This would include situations when a physician recommends a student assume responsibility for self-medication. The nurse may request a release of information from the student's health care provider and the information may be shared with necessary District staff members on a need to know basis. If a parent wishes to request their student be able to self-carry medication, appropriate paperwork must be completed with their request to the nurse. Please contact the nurse if you have any questions or if you need to inform the District of your student's health condition.

#### Communicable Diseases F-245-S

Parents/guardians must notify the District if their student has a communicable disease. Parents/guardians will be required to provide written approval from the student's treating physician in order for their student to attend school. The District reserves the right to prevent student attendance until clarification or implementation of precautionary measures are in place. Parents/guardians are required to notify the District if they are enrolling or have a student attending school who is HIV positive.

Medical information of students is highly confidential, and the District will take necessary steps to protect the medical information of students and ensure that such information is released only to those with a need-to-know and/or individuals and entities who are required by law to be notified of certain health and medical information.

Students with a communicable disease who exhibit behaviors that increase the chances of their condition being spread to other individuals, may be subject to discipline and/or remedial action in accordance with the discipline code, and state and federal law.

#### Immunizations and Vaccinations

It is unlawful for any student to attend school unless the student has been immunized according to Missouri School Immunization Law or unless a signed statement of medical or religious exemption is on file at the school, which is described in all enrollment information. Parents/guardians should bring immunization records at the time of enrollment and obtain additional immunizations as required by state law.

#### Asbestos F-215-S

The U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) under the Federal Code of Regulations 40 CFR 763.93g(4) requires that building occupants be notified

annually of the presence of asbestos in the building and the availability of the Asbestos Management Plan.

The District conducted its 3-year inspections in November of 2021. No damaged asbestos materials were identified during these inspections.

A copy of the Management Plan and inspection reports are available for review at the Facilities Department located at 201 N. Forest Ave., Independence, Missouri 64050 as well as each school office. Questions regarding asbestos or the management plan may be directed to Director of Facilities/Purchasing at (816) 521-5300.

#### *Student Insurance S-140-S*

The District recommends student accident insurance for the protection of a student and parents/guardians. It is the responsibility of the parents/guardians to arrange insurance coverage as the District does not assume financial responsibility for student injuries.

Students participating in interscholastic athletics are required to have insurance coverage. This may be in the form of either family coverage or the coverage offered through the District. Missouri State High School Activities Association (MSHSAA), requires that a student be covered through insurance before being allowed to practice or compete for a school team. The student will not be allowed to participate in interscholastic practices or competitions until proof of insurance is provided.

The District also provides information about MO HealthNet for Kids (MHK), Missouri's Medicaid program, to qualifying families who enroll students in the District. Parents who complete an application for free and reduced-priced meals (FRL), and who indicate on the application form a child does not have insurance, will be notified by the District that the MHK program is available. Forms for MHK may be accessed at: <https://dssmanuals.mo.gov/wp-content/uploads/2020/09/IM-1SSL-Fillable-Secured-6-24-21.pdf>.

#### *Student Records S-125-S*

##### *Access to and Release of Student Information*

All parents/guardians may inspect and review their student's education records, seek amendments, consent to disclosures except to the extent the law authorizes disclosure without consent, and file complaints regarding the records as allowed by law. Requests to inspect or review education records may be directed to the District's Custodian of Records. Requests to amend education records may be directed to the District's Custodian of Records to obtain the proper form. If the District decides not to amend the record as requested by the parent/guardian or eligible student, the District will notify the parent/guardian or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

The parents'/guardians' rights relating to the education records transfer to the student once the student becomes an eligible student; however, parents/guardians maintain some rights to inspect student records even after a student turns 18. The District allows access to records to either parent, regardless of divorce, custody or visitation rights, unless the District is provided with legal documents that the parent's rights to inspect records have been modified.

### Directory Information

Directory information is information about a student that generally is not considered harmful or an invasion of privacy if disclosed without the consent of a parent/guardian or eligible student. The District will designate the types of information included in directory information and may release this information without obtaining consent from a parent/guardian or eligible student unless a parent/guardian or eligible student notifies the District in writing. Parents/guardians and eligible students will be notified annually of the information the District has designated as directory information and the process for notifying the District if they do not want the information released. Even if parents/guardians or eligible students notify the District in writing that they do not want directory information disclosed, the District may still disclose the information if required or allowed by law. For example, the District may require students to disclose their names, District email addresses in classes in which they are enrolled, or students may be required to wear or display a student identification card that exhibits information designated as directory information. If parents/guardians do not want the District to disclose any or all of the types of information designated below as directory information from their student's education records without parents/guardians prior written consent (with exception of disclosures required by law), you must notify the District in writing within 10 school days of enrollment. For students enrolling after the start of the school year, parents/guardians must notify the District in writing within 10 school days.

The District designates the following items as directory information:

- *General Directory Information:* The following personally identifiable information about a student may be disclosed by the District without first obtaining written consent from a parent/guardian or eligible student: Student's name; date and place of birth; parents' names; grade level; enrollment status (e.g., full-time or part-time); student identification number; user identification used by the student for the purposes of accessing or communicating in electronic systems as long as that information alone cannot be used to access protected educational records; participation in District-sponsored or District-recognized activities and sports; weight and height of members of athletic teams; athletic performance data; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the District; schools or school Districts previously attended; and photographs, videotapes, digital

images and recorded sound unless such records would be considered harmful or an invasion of privacy.

- *Limited Directory Information:* In addition to general directory information, a student's address, telephone number and email address; and the parents'/guardians' addresses, telephone numbers and email addresses may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are recognized by the Board and are created solely to work with the District, its staff, students and parents and to raise funds for District activities; parents of other students enrolled in the same school as the student whose information is released; students enrolled in the same school as the student whose information is released; governmental entities including, but not limited to, law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social Services.

#### *School Officials with a Legitimate Educational Interest*

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests.

A school official includes a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a Board Member. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

#### *Release of Records to Other Agencies or Institutions*

The District forwards education records to officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements under the law.

#### *Military and Higher Education Access*

The District will disclose the names, addresses and telephone numbers of secondary school students to military recruiters or institutions of higher education as required by law. However, if a parent/guardian or a secondary school student who is at least 18

submits a written request, the District will not release the information without first obtaining written consent from the parent/guardian of the student/eligible student.

### Release

Parents or guardians may designate additional adult(s) to have access to their student's records by requesting a Family Educational Rights and Privacy Act (FERPA) release form. The Release Form may be obtained from your school building.

### Notice

Parents/Guardians and/or eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

### Personnel Records E-190-S

The District is required to inform you that, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), upon your request, the District is required to provide you in a timely manner, the following information:

- Whether your student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your student's teacher is teaching under emergency or other provisional statute through which State qualification or licensing criteria have been waived.
- Whether your student's teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your student is provided services by paraprofessionals and if so, their qualifications.

In addition to the information that parents may request, a building receiving Title I.A funds must provide to each individual parent:

- Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A.
- Timely notice that your student has been assigned, or have taught for 4 or more consecutive weeks by, a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

This information may be requested by contacting: The Director of Human Resources.

### Parent and Family Involvement and Engagement (Title I, Part A) I-135-S

The District encourages effective involvement by parents, guardians, and families to support the education of their children. In consultation with the State Board, educators,

local associations, parent organizations and individual parents/guardians whose children are enrolled in the District, the District will:

1. Promote regular, two-way communication between home and school.
2. Promote and support responsible parenting.

#### Visitor Procedures C-155-S

Adult Code of Conduct: C-155-P

Parents/guardians are welcome to visit your child's school. As always, student safety is the District's first concern. The Independence School District locks all doors during the school day to further ensure the safety of students and staff. Visitors must remember to bring ID to enter the school doors during school hours. Visitors will be allowed entrance into the building once they present proper identification. All visitors (including parents and guardians) must follow all posted safety protocols and are required to report to the school office upon entering the building to receive a visitor badge. For the safety of all students, parents/guardians should not walk students to class as part of ongoing arrival routines. Any visitor without an observable visitor's badge will be asked to return to the office.

Parents/guardians are welcome to visit the school during specially planned activities and events. The school will send out information about activities open to parents/guardians and visitors. Parents/guardians should communicate with the classroom teacher if they plan to participate in the special activity.

Instructional time is reserved for focused learning and, as such, cannot accommodate visitors or guests. Parents/guardians requesting to visit a classroom should contact the building principal to arrange an appropriate time. Parents/guardians needing to visit a teacher should make an appointment, so the teacher's time with students is not interrupted. The District protects instructional time from interruptions.

Visits by students outside the building or district are not allowed to provide for students' safety and a disruption-free learning environment.

### Transportation Services F-260-S

Student transportation is provided by the District for students living more than one and one half miles from the school. Bus passes are distributed through the building office. Replacement bus passes are handled by the attendance office. One day bus passes are monitored and restricted - established protocols must be followed. For more information on one day passes please contact the front office.

Every student must have a bus pass to ride. Passengers are under the supervision of a driver. Video surveillance is provided. If a student misbehaves, he/she may receive a warning, suspension from the bus, or disciplinary action at the building level. Questions about bus transportation may be directed to the District transportation office at 816-521-5335.

### Routes and Stops

Bus stops have been established by the Transportation Department in accordance with guidelines established by the Department of Education, Department of Elementary and Secondary Education and Independence School District Policies and Procedures.

- Buses in general will only travel along main streets
- Buses will not make house stops
- Buses will stop at the closest and safest identifiable intersection
- Stop distances will be based on grade level and developmental appropriateness
- Stops will be placed on corners and/or common ground when possible
- Bus stops will not be closer than 500 feet apart
- Buses will not enter dead-end/cul-de-sac roads
- Students may only ride when they have been issued a bus pass and can only ride the bus they are assigned based on their residence
- Middle and high school students must carry their bus pass and school ID

Parents/guardians are strongly encouraged to escort their children to and from the bus stop. If you feel your child's bus stop should be changed, please fill out the "Stop Change Request Form". Please note that stops will not be changed because of requests related to walking distance, visibility of stop from residence or absence of sidewalks. Please include your contact information and understand that responses will take time. We transport more than 10,000 students and want to carefully review each request.

### Pay Ridership

Students residing within one and one half miles of school may apply to use the District's transportation service through parent pay. The Transportation Department will consider each request to determine if there is available space on the bus and safe access to an existing stop. Additional stops will not be created. A new request form must be submitted and approved each year.

### Back to School

Please note that the ISD safely transports more than 10,000 students each day. During the first week of school, students should arrive at the bus stop ten minutes before the published stop time. Run times may vary during the first week of school until all

students have registered and adjustments are made due to traffic, construction and final student data. After the first week of school, students should arrive at the bus stop at least five minutes before the stop time.

### One-Day Ride Pass

To assist parents/guardians and students when an emergency arises, a one-day ride pass may be issued. Please contact the student's school for assistance.

### ZPass Information

- What is the ZPass Program?  
The ZPass Program is a student identification system designed specifically for school bus transportation. The ZPass System allows the District to see where and what time students get on and off District buses, helping to ensure student safety.
- How does the ZPass work?  
Students will receive ZPass cards they must carry to ride the bus. An electronic reader installed on the bus will identify each student upon entering or leaving the bus. The time, date, and location of each student is logged and transmitted to a secure, confidential database. This information is then used to determine busload counts and is readily available in case of an emergency, including if a student exits the bus at the wrong stop.
- What are the benefits of the program?  
The program will provide a reliable way to identify student bus riders. In addition to the safety component, ZPass will provide real time data that will improve communication to parents/guardians and school sites, yield accurate data on student ridership, and enable the Transportation Department to be more efficient in developing bus routes and stops.
- If my child forgets his/her ZPass; can he/she still ride the bus?  
Yes, your student will be allowed to ride the bus. If your student does not have the Zpass when boarding the bus, he/she should notify the driver at that time.
- What if my child loses his/her Zpass?  
Your student should report the lost card to the bus driver or you can notify your child's school to prevent the unauthorized use of the card. The lost card will become inactive, and a new card will be issued in a timely manner.
- Will there be any cost for replacement cards?  
The first lost card will be replaced at no charge, but additional replacements may result in a charge.

### Student Conduct and Discipline

Transportation Services are a privilege and students must respect each other and themselves or they may lose this privilege. Students whose conduct poses a safety hazard or disruption or distraction for the driver will lose their riding privileges and any fees paid will be forfeited. Student discipline is handled through the Transportation

Department by the Student Safety Supervisor. Student conduct expectations are as follows:

- Follow the bus driver's directions
- Provide full and correct name when requested by the driver
- Be at the bus stop five minutes before assigned stop time
- Line up in a single line at the side of the road with no pushing or shoving
- Sit on your seat, not on knees or backpacks
- Keep the aisle clear
- Keep hands, feet and other items to yourself on the bus
- No food, drinks, gum or candy on the bus
- Students are expected to help keep the bus clean and not destroy transportation equipment
- Damage resulting from misbehavior shall be paid for by the student
- Suspension from the bus will occur and continue until all damage is paid for
- Students will show consideration for other students and the bus driver by being courteous and well mannered
- No profanity or other abusive language
- No physical or verbal bullying
- Students are required to board and exit the bus at their assigned stop

If your child is on a route that could be modified due to weather, you will receive a letter from the transportation department prior to the winter season.

#### Student Discipline S-170-S

##### Student Code of Conduct

The District believes students deserve the right to participate and learn in a safe environment which allows teachers to focus on instruction that accelerates achievement. To ensure that school is a quality atmosphere for all students at all times, the code of conduct and discipline policies outline consequences for misconduct that occurs at school, during a school activity whether on- or off-campus, on District transportation, or misconduct that involves the use of District technology. All District personnel are responsible to supervise and hold students accountable for violations of discipline rules.

Failure to obey standards of conduct may result in, yet is not limited to, verbal warning, community service, confiscation of property, principal/student conference, parent contact, loss of credit, grade reduction, course failure, removal from extracurricular activities, revocation of privileges including transportation, parking and technology privileges, detention, in- or out-of-school suspension, expulsion, and report to law enforcement. For offenses involving academic integrity, the student may also be subject to a loss of credit for work, a grade reduction, and/or course failure. The Board authorizes the immediate removal of a student who poses a threat to self or others as determined by the principal, Superintendent, or the Board.

Any student who is suspended for any serious violation of the District's Student Discipline policy shall not be allowed while suspended to be within 1,000 feet of any school property or any activity of the District, regardless of where the activity takes place, unless:

1. Such student is under the direct supervision of the student's parent, legal guardian, or custodian and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
2. Such student is under the direct supervision of another adult designated by the student's parent, legal guardian, or custodian, in advance, in writing, to the principal of the school which suspended the student and the Superintendent or the Superintendent's designee has authorized the student to be on school property;
3. Such student is enrolled in and attending an alternative school that is located within one thousand feet of a public school in the District where such student attended school; or
4. Such student resides within one thousand feet of any public school in the District where such student attended school in which case such student may be on the property of his or her residence without direct adult supervision.

If a student engages in an act of violence, a school administrator will report the information to teachers and other District employees who are responsible for the student's education or otherwise interact with the student on a professional basis while acting within the scope of their assigned duties. Additionally, school administrators will report to the appropriate law enforcement agencies any crimes as required by law.

Corporal punishment is strictly prohibited as a method of discipline. Reasonable force may be used, when necessary, for the protection of a student or others and property. The District limits the use of seclusion or restraint to situations or conditions in which there is imminent danger of physical harm to self or others.

Students with disabilities will be disciplined in compliance with state and federal laws per the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Plan, and any regulations and state and local compliance plans, which includes due process rights as afforded to all students. Additionally, a student's Individual Education Plan (IEP), including any portion that is related to past or potentially future violent behavior, will be provided to appropriate staff members with a need to know.

Information regarding a student's misconduct and discipline is confidential and only shared with those who have a need to know. Teachers and other authorized District personnel shall not be civilly liable when acting in conformity with District policies, including the discipline policy, or when reporting acts of school violence to a supervisor or other person as mandated by law.

The District discipline policy and procedures will be provided to every student at the beginning of each year, be published on the District website, and made available in the office of the Superintendent during normal business hours.

This code applies to all misbehavior committed by a student on District property, at any school-sponsored activity or event whether on- or off-campus, and District transportation. Additionally, the District may use its authority to address behavior that

occurs off-campus if it interferes with the operation of the school or endangers the safety of students or staff.

### Standards of Conduct and Consequences

No document can identify every possible offense that could potentially result in disciplinary action. This code identifies most offenses constituting a failure to obey the standards of conduct set by the Board. However, when circumstances warrant, the principal, Superintendent, and/or Board may impose consequences for misconduct not specifically outlined in this document.

### District Policy for Discipline

Arriving late or failure to serve will result in further disciplinary action.

Expulsion – A form of student discipline which removes and excludes a student from school for an indefinite period of time. Students who are expelled are entitled to due process rights.

Students in ISS will not participate in assemblies or other school activities. The only activity permitted during this time is silent study. The following guidelines will be followed in the ISS room:
  - Students will be allowed to leave the room only during specified restroom breaks and lunch;
  - Students should contact teachers prior to ISS and bring coursework
  - Students will be expected to turn in their personal technology devices to the ISS teacher. The ISS teacher will secure these items and return them to the student at the end of the day.
  - Questions regarding participation in any athletic or extracurricular practice, rehearsal or performance should refer to the Activities Handbook.

Coursework done during OSS is due upon the student's return.
- Long-term suspension lasts from a minimum of 11 days up to 180 school days. Referrals for LTS are made by the building administration to the Superintendent of Schools. A hearing will be held with a hearing officer to determine whether or not a long-term suspension will be assigned and, if so, for how long the suspension will last. Students on long-term suspension are prohibited from being present on school grounds and participating in any school activities, on or off campus, for any reason.

### Disruptive Behavior Continuum

#### Safe Seat – Buddy Room – Recovery Room

Safe Seat is a seat in the regular classroom where a student can stop the inappropriate behavior. While in the safe area, students are responsible for taking ownership of their behaviors and developing a plan of how to avoid that problem in the future while continuing their academic course work.

Buddy Rooms are a classroom other than the student's regular room where a student can stop the inappropriate behavior and take responsibility for the behavior while continuing to work.

The Recovery Room is a safe place for students who cannot stop their behavior in the buddy room, or are having difficulty controlling their behavior to the extent that a buddy room is not the appropriate next step.

Schoolwide Positive Behavior Support (SW-PBS) is a framework for creating safe and orderly learning environments in schools, while improving the social-emotional outcomes for students. It is a proactive approach that relies on research based practices, including developing clear behavioral expectations, teaching these expectations, acknowledging appropriate behavior, consistently correcting inappropriate behavior,

and using behavioral data to systematically solve problems. SW-PBS is built on a three tiered model that provides additional behavioral support to students who are not responding to the tier 1 interventions.

### *Bullying, Hazing, and Cyberbullying S-185-S*

The District strictly prohibits bullying, including hazing, and cyberbullying on school grounds, at any school function, or on District transportation.

### *Definitions*

*Bullying* – Intimidation, unwanted aggressive behavior or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting such acts.

*Cyberbullying* – Bullying as defined above through the transmission of a communication including, but not limited to a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District has jurisdiction to prohibit cyberbullying that originates on a school campus, or at a District activity if the communication was made using District technological resources, if there is sufficient nexus to the educational environment, or if the electronic communication was made on the school's campus or at a District activity using the student's own person technological resource.

*Anti-bullying Coordinator* – The Superintendent will ensure an individual at each school is designated to serve as the anti-bullying coordinator. All anti-bullying coordinators will be teacher-level or above and a list of coordinators will be kept on file at the District administration office and updated annually. Additionally, a District anti-bullying coordinator will be designated. The building anti-bullying coordinators (ABC Coordinators) are listed in the School Building and Contact Information section at the beginning of this handbook.

*School Day* – A day on the District calendar when students are required to attend school.

### *Reporting Bullying or Cyberbullying*

District employees are required to report any instance of bullying of which the employee has firsthand knowledge. Any employee, substitute, or volunteer who witnesses an incident of bullying must report the incident to the building anti-bullying coordinator within two (2) school days of witnessing the incident. If the anti-bullying coordinator is unavailable or is the subject of the report, the employee should contact the District's Compliance Officer. In addition, all District employees, substitutes, or volunteers must

direct all persons seeking to report an incident of bullying to the building anti-bullying coordinator.

Students who know about a threat or students being victimized need to inform school authorities as soon as possible. Parents/guardians of a student suspected of making a threat will be contacted and expected to provide information to help evaluate the threat. Students and Parents/Guardians also should be aware that the state of Missouri offers a hotline to report school violence: MO School Violence Hotline: 1-866-748-7047.

Any individual making a verbal report of bullying will be asked to submit a written complaint to the anti-bullying coordinator. If the person refuses or is unable to submit a written complaint, the anti-bullying coordinator will summarize the verbal complaint in writing.

When an anti-bullying coordinator is informed about a possible bullying or cyberbullying incident, verbal, written, or otherwise, the District will conduct a prompt, impartial, and thorough investigation to determine whether misconduct, including unlawful conduct, occurred. The District will implement interim measures as necessary. When it is determined that bullying or cyberbullying occurred, the District will take appropriate action for violations of District expectations and rules.

#### Investigation

Within two (2) school days of receipt of a report of bullying or cyberbullying, the anti-bullying coordinator or designee will initiate an investigation of the incident. The school principal may appoint other school staff to assist with the investigation. The investigation will be completed within ten (10) school days from the date of the written report unless good cause exists to extend the investigation. A copy of the written report of the investigation and results will be sent to the District anti-bullying coordinator and included in the files of the victim and the alleged or actual perpetrator of bullying or cyberbullying. All reports are confidential in accordance with law and District rules.

#### Retaliation

The District prohibits reprisal or retaliation against any person who reports an act of bullying or cyberbullying, testifies, or participates in any manner with an investigation proceeding, or hearing. The District will take appropriate remedial action for any student, teacher, administrator, or other school personnel who retaliates.

#### Consequences of Bullying, Cyberbullying, or Retaliation

When the District receives a report of bullying, cyberbullying, or retaliation, interim measures to protect the victim(s) will be taken. If an investigation determines that bullying, cyberbullying, or retaliation occurred, the District will act to end the bullying, cyberbullying or retaliation.

Students who are determined to have participated in bullying, cyberbullying, or retaliation will be disciplined in accordance with the District discipline policy.

Consequences may include, but are not limited to, loss of privileges, detention, in- or out-of-school suspension, expulsion, and referral to law enforcement. Any determination of consequences will consider factors such as the age of the student(s), developmental level of the student(s), degree of harm, severity of behavior, disciplinary history, and other educationally relevant factors.

District employees and substitutes who violate this policy will be disciplined, up to and including termination. Volunteers, visitors, patrons, or others who violate this policy may be prohibited from District property or activities, or other remedial action.

### Public Notice

- The District will:
1. Provide information and appropriate training to District staff who have significant contact with students regarding the policy.
  2. Provide education and information to students regarding bullying, including information regarding the District policy prohibiting bullying, the harmful effects of bullying, and applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, cyberbullying, and/or retaliation against any person who reports an act of bullying.
  3. Instruct school counselors, school and licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for overcoming bullying's negative effects. Techniques will include, but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself/herself assertively and effectively; helping the student develop social skills; and/or encouraging the student to develop an internal locus of control.
  4. Implement programs and other initiatives to address and respond to bullying in a manner that does not stigmatize the victim and makes resources or referrals available to victims of bullying.

Complaints alleging unlawful discrimination, harassment, or retaliation in violation of District policy will be referred for investigation to the District Compliance Officer.

### Report Form

To obtain a report form, please contact the ABC Coordinator for the building as indicated in the School Building and Contact Information section at the beginning of this handbook.

### Complaints or Concerns C-120-S

Effective communication helps avoid and resolve many complaints, concerns, misunderstandings and disagreements. Individuals who have a complaint or concern should discuss their concerns with the school personnel involved in the issue at hand in an effort to resolve the problem. This step will usually involve communicating directly

with the person or persons with whom the complainant has a concern. This step may be skipped when the complainant in good faith believes that speaking directly to the person would subject the complainant to discrimination, harassment or retaliation.

This step may also be skipped if the complainant in good faith believes that any law or a District policy or written rule has been violated. The District has adopted specific procedures for investigation and resolution for complaints or concerns as required by specific and varying laws that are applicable to the District. The District's Compliance Officer should be contacted with any complaints or concerns that any law or District written rule has been violated, including but not limited to, laws relating to: civil rights, including discrimination, harassment, and retaliation; special education matters including the IEP and 504 processes and services; federal programs and related services; bullying; and The Family Educational Rights and Privacy Act, including student records and confidentiality.

When communicating directly with the school personnel involved in the issue does not resolve matters satisfactorily, or if it is appropriate to skip the first step as described above, a complainant should consult with the District's Compliance Officer who will direct the complainant to the appropriate process for resolution of the complaint. The District designates the following individual to act as the District's Compliance Officer:

Name:	District Compliance Officer
Address:	201 North Forest Avenue, Independence, Missouri 64050
Phone #:	(816) 521-5300
Fax #:	(816) 521-5619
Email Address:	<a href="mailto:compliance@idschools.org">compliance@idschools.org</a>

In the event the District's Compliance Officer is unavailable or is the subject of a report that would otherwise be made to the Compliance Officer, reports should instead be directed to the alternative Compliance Officer:

Name:	Director of Human Resource
Address:	201 North Forest Avenue, Independence, Missouri 64050
Phone #:	(816) 521-5300
Fax #:	(816) 521-5619
Email Address:	<a href="mailto:compliance@idschools.org">compliance@idschools.org</a>

All complaints of violation of any law or a District policy or written rule will be promptly investigated by the District, and appropriate action will be taken. Complainants are strongly encouraged to provide their concerns in writing.

*Student Searches S-175-S*

Desks, lockers, and other District property provided for student use are subject to periodic and random inspections without notice.

Student property may be searched based upon reasonable suspicion of a violation of school rules or law and an examination of facts, credible information, or reasonable inferences based upon the facts and circumstances. Any time a student leaves property

without permission and returns to school he/she may be subject to a search based on reasonable suspicion. Searches will be conducted in the presence of an adult witness.

Law enforcement will be contacted if a search produces a controlled substance, drug paraphernalia, weapons, stolen goods, or evidence of a crime.

In keeping with the District's commitment to provide a drug free and safe environment for students, unannounced police canine team searches will be made of the school and school property. Items searched might include, but are not limited to: lockers, classrooms, personal items and vehicles on the property.

#### *Student Alcohol/Drug Abuse S-195-S*

The District takes measures to foster a safe and drug-free learning environment that supports student engagement and development. Therefore, educational programs are provided to help students cultivate healthy lifestyles and age-appropriate drug awareness. All use, sale, transfer, distribution, possession, or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, or counterfeit substances on any District property, vehicles, or at District-sponsored events is strictly prohibited. Suspected or known violations of the District policy should be immediately reported to school authorities. Any incidents that violate this policy are subject to disciplinary action and notification to law enforcement. Any confiscated substances will be turned over to law enforcement.

In cases where it is necessary for a student to take prescription or over-the-counter medications during the school day, the medication must be documented by the nurse's office in accordance with written label directions and parental/guardian permission in compliance with District rules. (See the Handbook's section on Administration of Medication for more information.)

Any drug/alcohol offense may result in one or more of the following:

Administrator/Student conference, detention, in-school suspension, 1-180 days out-of-school suspension or expulsion, restitution if appropriate, loss of privileges including, but not limited to: confiscation of the contraband item, loss of parking privileges, loss of technology privileges, and referral to law enforcement. (See the Handbook's section on Student Discipline for more information.)

The possession or use of medical marijuana at school is prohibited. Students under the influence of medical marijuana may result in discipline. If parents/guardians have questions or want to discuss the use of medical marijuana, they may contact the building principal or school nurse.

#### *Weapons in School S-200-S*

The District strictly prohibits unauthorized possession or use of weapons on District property, at District-sponsored activities, either on- or off-campus, and District transportation. Weapons will be confiscated and reported to law enforcement authorities.

Examples of prohibited weapons may include, but are not limited to, blackjack, concealable firearm, explosive weapon, firearm, firearm silencer, gas gun, knife, machine gun, knuckles, projectile weapon, rifle, shotgun, spring gun, switchblade or any knife, mace spray, or any other items customarily used, or which can be used, to inflict injury upon another person or property.

A student who brings a weapon prohibited by law on school property will be expelled or suspended from school for not less than one calendar year and referred to law enforcement. The expulsion or suspension may be modified on a case-by-case basis upon the recommendation of the Superintendent of Schools to the Board of Education. Other provisions of the discipline code related to the offense may be applied in addition to the consequences required by law. Students with disabilities who violate this policy will be reviewed under the provisions of the Individuals with Disabilities Act (IDEA) and/or Section 504 of the Rehabilitation Act.

### Instruction

#### Course Syllabus

Each teacher may provide students with a course syllabus during the first week of class. The syllabus will cover the academic objectives, classroom guidelines, general course outline of lessons and assignments, grading and late work policies, and a list of resources needed.

#### Textbooks

Textbooks may be supplied by the District for students. Books will be checked out to students using student IDs. Students are responsible for their textbooks assigned and for returning the specific book(s) in good condition at the end of the term. Books damaged or not returned will be assessed at the appropriate cost. Turning in a different book does not relieve the student of the obligation for the book(s) assigned. Any damage beyond normal wear will be assessed to either replace or repair the book. Textbook prices are available upon request.

No student is to be penalized if a book is lost because of factors beyond his/her control. All students will be made aware that if such losses are reported immediately, and if the administration agrees that the loss was beyond the student's control, fines will be canceled.

#### Incomplete/Late Work Philosophy

Students are expected to complete all work by the due date assigned. Students will need to work with teacher(s) on the deadline for any assignments(s) missed during an excused absence. Work turned in late will be subject to the late work policy.

#### Plagiarism/Academic Dishonesty Policy

Students need to be aware of the legal and ethical consequences of plagiarism and/or academic dishonesty. Intentional or not, it is never acceptable to use someone else's words without giving him or her credit. In order to be successful in school, students need to know how to avoid plagiarism. It is defined as "the use of another person's

writing or ideas without giving that person credit by means of quotation marks and/or footnotes. All source material, whether presented through summary, paraphrase, or précis, must have adequate footnote citation.” (UMKC – HSCP English Handbook, 2006)

In individual classrooms, teachers will discuss academic honesty and will instruct students as to proper methods of documentation to avoid plagiarism. It then becomes, and is, the student’s responsibility to credit his or her sources properly. Failure to do so may result in a failing grade for the assignment and, in serious instances, may result in a failing grade for the course. (See Student Discipline, S-170-S) Parents/guardians will be informed of any instances of plagiarism as well as the consequences decided upon by the classroom teacher and administration.

### Schedule Changes

Schedules are made through the enrollment process each spring. Classes have been scheduled to maintain class balances and staffed appropriately. No course changes or teacher switching will be made unless there is a legitimate reason. Changes can only be made at the beginning of each semester.

Student-initiated or disciplinary drops from a class beyond the 20th class day of the semester may result in a failing grade for the semester. Students cannot have a partial schedule unless approved by parent/guardian and administrator and signing of an attendance release form.

### Assessment Program I-195-S

All students will participate in the required, statewide screening and assessment program or an alternative assessment as determined by a student’s Individual Education Plan (IEP). The District will comply with all assessment requirements for students with disabilities. The District has a written assessment plan, which is updated and posted annually on the District’s website. The assessment plan is as follows:  
<http://sites.isdschools.org/curriculum/middle-school-curriculum>

### Teaching About Human Sexuality I-120-S

Students will be provided instruction regarding human sexuality that is appropriate for students’ age and gender. Students in 6th grade through 12th grade will be provided training regarding sexual abuse that is trauma-informed and developmentally appropriate. District Policy provides information about the requirements related to content. Parents/guardians have the right to remove their student from any part of human sexuality instruction or sexual abuse training. All curriculum materials used in the District’s human sexuality instruction and sexual abuse training are available for review prior to its use in instruction.

### Credits

A credit system for the 7th and 8th grade students has been implemented. Students will have the opportunity to earn six units of credit per year. Students must earn a **minimum of 4.5 credits each school year and a minimum of 3 of the 4.5**

**credits must be from the core classes (English Language Arts, Math, Science or Social Studies).** Students will monitor their academic and attendance progress in homeroom class and intervention blocks throughout the year. Students will have numerous opportunities to recover credit through tutoring, intervention classes, and/or credit by completion. Seventh grade students who do not meet the credit requirement and who do not complete summer school may be retained or required to take credit recovery classes within the school day the following year which could result in the loss of elective class options. Eighth grade students who do not meet the credit requirement will not attend their comprehensive high school, but will attend the Bridge Program to ensure academic success.

#### Section 504 I-125-S

The District is required to undertake measures to identify and locate every qualified disabled person residing in the District who is not receiving a public education; and take appropriate steps to notify disabled persons and their parent or guardians of the District's duty.

The District will provide free appropriate public education (FAPE) to each qualified disabled person in the District's jurisdiction regardless of the nature or severity of the person's disability. For purposes of Section 504 of the Rehabilitation Act of 1973, the provision of an appropriate education is the provision of regular or special and related aids and services that are designed to meet individual educational needs of disabled persons as adequately as the needs of nondisabled persons are met and are based on adherence to procedures that satisfy the requirements of the Section 504 federal regulations.

The District has developed a 504 Procedures Manual for the implementation of federal regulations for Section 504 of the Rehabilitation Act, Subpart D. This Procedures Manual may be reviewed *Monday – Friday (8:00 am – 4:30 pm)* in the office of the Director of Special Services, (816) 521-5300 ext. 10101, [spedcompliance@idschools.org](mailto:spedcompliance@idschools.org). Alternative times are available by request.

This notice will be provided in native languages as appropriate.

#### Special Education I-125-S

The District is required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the District, regardless of the severity of the disability, including children attending private schools, children who live outside the District but are attending a private school within the District, highly mobile children, such as migrant and homeless children, children who are wards of the state, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, intellectual disability, multiple disabilities, orthopedic impairment, other health impairments, specific learning

disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The District assures that it will provide information and referral services necessary to assist the State of Missouri in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The District assures that personally identifiable information collected, used, or maintained by the District for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents/guardians have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the District to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA).

This plan may be reviewed *Monday – Friday (8:00 am – 4:30 pm)* in the office of the Director of Special Services, (816) 521-5300 ext. 10101, [spedcompliance@idschools.org](mailto:spedcompliance@idschools.org). Alternative times are available by request.

This notice will be provided in native languages as appropriate.

#### Annual Notification to Use Public Funded Program Benefits

Part B of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) allows for school districts to use specific government funded public program benefits to assist with costs associated with IEP services. Examples of covered IEP services include speech therapy, occupational therapy and physical therapy. We are required to annually notify parents/guardians of our participation.

One-time written parental/guardian consent to release personally identifiable information to the government funded public program (i.e. Medicaid—MO HealthNet) to determine, access, and recover entitled program benefits from a student's or parent/guardian's government funded public program benefits will be sought by the District. Consent is voluntary and may be revoked at any time. Consent does not give the District permission to access private insurance benefits. Your written consent indicates that you understand and agree that the District will submit your child's information to the government funded public program and their authorized agencies to verify eligibility and submit claims.

Parents/guardians are not required to sign up for or enroll in Medicaid to receive IEP services or a free appropriate public education, nor are they responsible for any out of pocket expenses for these IEP services. The District will provide the required IEP services to your child at no cost to you whether or not you grant your written consent. The District's use of this reimbursement program does not in any way affect or impact other Medicaid benefits to which the child is entitled, including any otherwise eligible services out of the school.

### *Virtual/Online Courses I-160-S*

The District offers online classes for students for acceleration, credit recovery, and options for students who need flexible schedules. The courses are taught by Missouri teachers, are aligned with the Missouri State Learning Standards, and follow the same semester calendar as face-to-face classes. The requirements for the enrollment and approval process are outlined in District Policy. Students whose educational interests are best served through on-line options may take up to six credits per semester.

For more information regarding online courses, consult the secondary course catalog and/or speak with your school counselor. Additional information about resources and processes may be accessed on the District's website at <https://www.isdschools.org/virtual-learning-welcome/> and District Policy.

The remaining information in this section addresses a student's enrollment in part-time virtual classes. Students who wish to attend virtual full-time MOCAP classes must direct their requests for full-time enrollment to the virtual provider and will no longer be enrolled with the District.

Families requesting their child be placed in ISD virtual classes during the 23-24 school year will need to meet the criteria outlined in the registration process.

Here are the timeline windows for virtual students to return in-person during the school year:

- Secondary virtual students will remain in the virtual model for the entire semester and can move to in-person at the beginning of the upcoming semester.
- If a Secondary virtual student is failing three or more classes, the building can bring the student back to in-person at the end of a quarter.

### *Profile of a Successful Online Student*

The most important question to answer is whether or not the student is well-suited to be in an online learning environment. Parents/guardians and students should be aware that the demands of online courses are equal to or exceed those of traditional 'face to face' courses. Online instruction places much more responsibility on the student. A student should plan to spend at least one hour a day, four or five days a week (depending on what the school calendar calls for in a given week), on each course. In other words, at least four to five hours per week on each course. This is similar to the amount of time a student would spend in a course at the local "brick and mortar"

school. Instructors with online teaching experience agree that students who are successful at online learning have the following critical characteristics:

❖ Good Time Management

Can the student create and maintain a study schedule throughout the semester without face-to-face interaction with a teacher?

❖ Effective Communication

Can the student ask for help, make contact with other students and/or instructors online and describe any problem he/she is having with the learning materials using email?

❖ Independent Study Habits

Can the student study and complete assignments without direct supervision and maintain the self-discipline necessary to stick to a schedule?

❖ Self-Motivation

Does the student have a strong desire to learn skills, acquire knowledge and fulfill assignments in online courses because of their educational goals?

❖ Academic Readiness

Does the student have the basic reading, writing, math and computer literacy skills to succeed in an online course?

❖ Technologically Prepared

Does the student know how to open, create and/or save a document, use various technology tools and identify file formats (e.g., doc, xls, pdf, jpg)?

**\*\*The Stanford Research Institute examined the accessibility of online learning for students, especially those who were at risk of failure. Their report cautions that students who have failed face-to-face classes may have challenges that will affect their success in an online course as well. Many students do not realize that they will have to be even more accountable for their time, performance and productivity in an online class.\*\***

**Virtual Learning Expectations**

**Asynchronous:** Work completed at home, not during live teaching sessions. Students will complete work, at their own pace, typically, through Canvas or Fuel Ed (High School Students Only) during asynchronous learning. Other examples of asynchronous work: reading, writing in a journal, or completing projects. This work is to be completed each school day, as assigned.

The goal of Virtual Learning is to keep children active and engaged so they can learn and grow, while also affording them with meaningful opportunities for connection and community.

On school days, each student will login to Canvas for attendance to be taken. The schedule for learning can be found on the homepage on Canvas. As always, faculty and administrators are available via email or phone call if a parent/guardian would like to schedule a conversation.

#### Role of Parents/Guardians

- Establish routines and expectations for your child.
- Help your child manage online learning by requiring attendance at all classes during the day and having their screen on during all lessons.
- Help your child to plan and turn in work, stay focused and on task.
- Create a comfortable, distraction-free place to work.
- Partner with your child's teachers and reach out should any challenges arise.

#### Role of students

- Give one's best effort and exhibit appropriate online class behavior.
- Stay in contact with teachers, with a parent/guardians's assistance as needed
- Come prepared to class with all necessary materials - books, paper, notes, pencil, etc.

#### Student and Parent/Guardian Commitments

##### Student Commitment

By enrolling in virtual courses, Student understands that Student is committing to:

- Receive passing grades in all Core Classes
- Return to in-person instruction as a result of lack of progress or attendance
- Participate in in-person testing as required by the District
- Actively engage in lessons
- Utilize ISD technology appropriately-in accordance with ISD's Student Acceptable Use Policy and all other ISD technology use policies, rules, and requirements at all times

##### Parent/Guardian Commitment

By enrolling Student in virtual courses, Parent/Guardian understands that Parent/Guardian is committing to:

- Being an active observer to their student's Canvas account to monitor academic progress
- Attending Parent/Guardian Bootcamp
- Prioritizing that their Student attends daily and completes assigned work

- Ensures that periodic student assessments needing to be completed at the home school are completed
- Engaging in two-way communication with their child's teacher throughout the school year
- Returning ISD technology within communicated timelines. Fees for damage or breakage can be assessed, as necessary
- Transportation – parents/guardians will need to arrange transportation for students to be dropped off and picked up for their assessments.

Parent/Guardian also understands that if Parent/Guardian has opted to enroll Student in virtual courses, Student will typically remain in those virtual courses for the entire semester and will not be permitted to return to in-person courses until the following semester. However, if any of the above Student Commitment requirements are not met during the first nine (9) weeks of any semester in which Student is enrolled in virtual courses, Student will return to in-person learning immediately following the first nine weeks. Placement in virtual or in-person courses may also be changed pursuant to any student's IEP or Section 504 plan, as indicated below.

### Special Services

While the parent/guardian may choose for student to attend school virtually, in every case the IEP team or Section 504 committee of the student (which includes the parent/guardian) is responsible for making the determination of whether virtual education is in the best interest of the student and will confer a FAPE, in student's LRE. Accordingly, a student's IEP team or Section 504 committee may determine that a student's placement in virtual or in-person learning is inadequate to meet the student's needs at any time. This determination may require an immediate change in the student's placement.

### Enrollment Procedures and Timeline

In order to enroll in an online course, students must be a resident of the Independence School District and be willing to enroll in the District.

To enroll into virtual secondary education, select the appropriate virtual education information for the registration process on the Independence School District website.

### Scheduling Procedures

Instruction begins as soon as the school day starts. Please check with your child's Canvas page for the daily schedule. Time on task is essential to student success; therefore keeping interruptions to a minimum protects instructional time. We encourage you to help protect instructional time by being sure your child logs.

Standardized achievement tests will be administered to students from time to time. Communication will be sent home about testing dates and times. Please help your child do his/her best on the tests by ensuring he/she eats breakfast and receives a good night's sleep prior to the testing day at school. Arriving at class on time is also

important. School staff will focus on creating a positive assessment environment to help each student do his/her best. Parents/guardians will be provided information on their child's performance on these assessments.

### Academic Information

#### Fuel Ed:

The ISD is using Canvas and FuelEd for all virtual learning resources. High School students may be enrolled in both Canvas and FuelEd classes for core and elective coursework.

To login to your FuelEd account:

Visit [www.getfueled.com](http://www.getfueled.com)

Click “Login” in the top right corner.

Your username is your ISD student ID number.

Your password is your date of birth, using the first three letters of your birth month, two digit day and four digit year. For example, if your birthday is June 2, 2003, your FuelEd password is Jun022003. Be sure to capitalize the first letter of your birth month.

Once you login, you will see the FuelEd courses you are currently enrolled in. Click on a course icon to access that course.

Watch this video (<https://youtu.be/JYmAXs9f7So>) to learn more about navigating your FuelEd account.

ISD families can call 816-521-5553 or email [helpme@idschools.org](mailto:helpme@idschools.org) with questions about Chromebooks, Canvas, FuelEd, admissions, and other academic needs. Families can also use the Inbox in Canvas to email questions about course navigation and assignments to their classroom teachers(s).

What should students expect during Virtual Learning?

### **Transferring to In-Person**

If a virtual student is electing to come back to in-person, here are the timeline windows for this to occur during the school year:

- Secondary virtual students will remain in the virtual model for the entire semester and can move to in-person at the beginning of the upcoming semester.
- If a Secondary virtual student is failing three or more classes, the building can bring the student back to in-person at the end of a quarter.

### **Attendance/Participation**

The Board of Education believes that regular attendance is essential to achieving success in school. Education is a total process based upon continual communication and shared

responsibilities among parents/guardians, students, teachers and school. As students mature and progress through the educational system, they should increasingly assume responsibility for regular attendance. However, parents/guardians have a legal and moral responsibility to require regular attendance at school.

Excessive absences from school and/or lack of participation has a negative impact on a student's academic progress, social, and emotional growth. If your child is going to be absent from virtual participation for any length of time, please contact your home school secretary to inform them for attendance purposes.

The following guidelines will be used to address absenteeism and lack of participation:

- When students are absent for three days from virtual participation, a call from the student's instructor can be expected.
- When a student is absent for five days from virtual participation, families can expect to receive an attendance letter from the home school and opportunities for attendance interventions.
- When a student is absent for nine days from virtual participation, families will receive a second attendance letter. Other options for interventions may include case management from a family school liaison, homebound services, or additional building-level interventions supported by the Problem Solving Team.
- When a student is absent for fifteen days from virtual participation, families will receive a third attendance letter. The homeschool administrator will review an in-person participation plan with the student and family. Additional measures, such as referral to truancy court or a referral to child protective services, may be utilized.
- District students enrolled full-time in program courses are not permitted to attend or participate in various non curricular, extracurricular, and/or interscholastic activities and athletics, including graduation ceremonies, dances, etc. Students enrolled full-time in program courses may be allowed to attend graduation ceremonies if they complete District in-person instruction and seat time requirements set forth by the District and upon a written request form the student to the Superintendent.

- Learn how to check your Canvas inbox.

### Day 1

- Log into Canvas and Fuel Ed
- Review introduction announcements or instructions for all courses.
- Complete assignments.

### Day-to-Day

- Start everyday by checking your Canvas inbox.
- Look at any recent feedback given from your teacher.
- Attend daily by completing lessons throughout the school day.
- Check the calendar for due dates each day.
- Keep working on the next assignments in your module.

### Additional Support

- Students can message teachers through the inbox feature in Canvas. Teachers may use this to reach the student as well. Typical response time is 24 hours.
- Announcements are posted weekly on the course homepage and provide information for the week including the teacher's office hours.
- Teachers will offer tutoring times for students needing additional support. This is a time for students to receive immediate feedback from teachers.
- Teachers will schedule daily office hours.
- GradeGuardian notifications for Canvas classes will be sent weekly to parents/guardians if a student is inactive or not completing work.

### Virtual Protocols

#### Parent/Guardian Expectations

- Parents/guardians will need to be actively involved in helping launch, support and monitor your student's learning using a virtual platform.
- Consistent access to the internet will be critical to this form of instruction and learning. Equally important will be your student's regular participation with the teacher and virtual learning materials provided in the online learning management system.
  - ISD strongly recommends checking out the Chromebook the district provides to assist your student with ease of access in online learning.
- Go to [www.isdschools.org](http://www.isdschools.org) to set up your parent/guardian Canvas account access prior to your student starting. Help your student understand how to access their Canvas account from the resources provided.
- Communicating with your student's teacher should be done via email through the Canvas platform.
- Be sure to go over these protocols for being a virtual learner with your student and adhere to the expectations.

### Student Expectations

- Instruction can be delivered through Canvas or Fuel Ed. All directions and expectations for student learning will be posted as weekly modules. Families are responsible for checking the learning platform(s) daily throughout the week and for being especially attentive to correspondence from the teacher.
- To be counted present, students must log into each class assigned to them and complete the work in order to be counted present for each class.
- Attendance, participation, engagement, and understanding will all be monitored through submitted work and active time within the Canvas system. Students who are not submitting work by due dates will be contacted and could be considered “absent.”
- Work will be self-paced and guided by deadlines as designated by the teacher. Learning tasks may be assigned and due in “chunks” to allow students to work through the material at their own pace. However, families should pay attention to the deadlines set by teachers. All assignments will be submitted in Canvas. If for any reason you have trouble uploading your assignments, please contact your teacher via Canvas email or during designated office hours.
- Grading expectations remain the same as for an in-person learner and progress reports will be available on the same district schedule for issuance.

### Preparing the Learning Environment: Parent/Guardian and Student

- Dedicate a space in the home as a “learning space.” This can be any space with room to work and store materials that won’t be disrupted for the duration of learning.
- Have a timer available for students to set for each block of time to help manage daily learning. Discuss acceptable options if a student needs a break before the timer goes off, such as getting a glass of water or taking a movement break.

### Teacher Availability / Office Hours:

- Teachers will set time (office hours) to be available for questions or clarification. Please see the teacher’s schedule for available office hours.

### Academic Dishonesty

Grades in secondary school are used to measure student mastery of skills so the teacher knows how to plan for instruction and meet student needs. Academic dishonesty will not be tolerated and consequences will be issued if a student is not submitting their original work.

### In-Person Assessments

Families will be required to bring their students to a school site to participate in standardized assessments such as district unit assessments, classroom-based screening assessments and the Missouri Assessment Program (MAP) or End-of-Course (EOC) exams. These will be scheduled based on the ISD assessment calendar and will be communicated with families by the teacher and home school.

### Special Services

#### IEP and 504

Virtual instructors are trained in accommodating students' needs. Your student's home school Case Manager or Counselor will email your student's IEP or 504 to the virtual teacher, and accommodations will be made accordingly. Special education services will be determined by the student's IEP team. Please work with your student's home building to schedule an IEP meeting.

### English Learners

Students may attend EL classes at designated sites. Please work with your home school administrator to determine your student's attendance schedule.

### Gifted-IMPACT

The Independence School District Gifted Program is called IMPACT. IMPACT is an acronym for Independence Missouri's Program for the Academically and Creatively Talented. IMPACT is designed to introduce students to new areas of learning outside the scope of the regular classroom curriculum. The program also develops skills in complex and creative thinking to develop independent learners. IMPACT is an accelerated, instructional supplement to help enrich the student's growth and development to maximize their fullest potential.

All 1st and 3rd grade students will be screened for IMPACT. Out-forms will be sent home to parents/guardians of 1st and 3rd grade students and will need to be returned to a student's home school if the parent does not wish to have their child participate.

Teachers, parents/guardians, counselors, or a student can also initiate a referral to IMPACT for grades 1-7. The deadline for referrals is January of each year. When a student is referred for screening, parent/guardian permission is required.

Middle School Students only: IMPACT will be offered in-person during the regular school day. Parents/guardians who opt for ISD Virtual Learning will be required to provide transportation for in-person IMPACT.

### School Athletics and Activities

Secondary virtual students may not participate in site-based clubs and activities on school campuses.

Virtual students may attend evening events with parent/guardian supervision.

District students enrolled full-time in program courses are not permitted to attend or participate in various non curricular, extracurricular, and/or interscholastic activities and athletics, including graduation ceremonies, dances, etc. Students enrolled full-time in program courses may be allowed to attend graduation ceremonies if they complete District in-person instruction and seat time requirements set forth by the District and upon a written request form the student to the Superintendent.

### Summer School

Virtual options for secondary students will not be offered during summer school. All virtual students are welcome to attend in-person summer school sessions.

### Technology & School Supplies

Secondary virtual students will be issued a chromebook through the district. The chromebook will meet the technology requirements for any online course taken through the virtual program. The district can help provide internet access upon request based on need; please contact your home school Family School Liaison for support. Coursework will be hosted on Canvas, an Interactive Learning Management System.

Families may want to provide the following technology for virtual learners:

- Mouse
- Headphones

Supplies that students will need access to provided by families: ([ISD School Supply Lists](#))

- Paper
- Notebooks
- Crayons
- Etc.

The District will provide the following supplies based on grade level for check-out:

- Math manipulatives
- White boards
- Etc.

ISD families can call 816-521-5553 or email [helpme@idschools.org](mailto:helpme@idschools.org) with questions about Chromebooks, Canvas, FuelEd, admissions, and other academic needs. Families can also use the Inbox in Canvas to email questions about course navigation and assignments to their classroom teachers(s).

### Final Advice

Throughout the student's enrollment in the online course, it is best practice to do the following:

- Set up a study space, including technology required.
- Communicate regularly with the classroom teacher.
- Be prepared for any technical issues that may come up.
- Define expectations for when and where your student will work on the

course.

- Agree on incentives and consequences.
- Reinforce that online courses are as important as face-to-face courses and do become a part of the student's educational record.
- See that your student establishes a routine for working on his/her online course(s).
- Help your student maintain a regular study schedule.
- Actively monitor your student's progress.

### Contacts

The first point of contact with questions regarding your student's learning experience will always be your student's teacher.

Find your students' home school contacts here: <https://www.isdschools.org/our-schools/>. The home school secretary will be able to assist you with contacting other staff in the building.

Technical Assistance: 816-521-5553 Email: [helpme@idschools.org](mailto:helpme@idschools.org) (**Be sure to include your student's name, grade and that your student is a virtual learner to ensure prompt assistance**).

Additional questions beyond what school staff may be able to answer should be directed to the Assistant Superintendent of Secondary Education: Dr. Randy Maglinger 816-521-5300.

### Library Media Center (LMC)

Student Use of the Library Media Center

All students must have passes from their teacher to enter the LMC during school hours. Passes must be dated and signed by a teacher, with the reason for being in the LMC clearly indicated.

Internet resources are available to students of the Independence School District. The Independence School District believes Internet access offers vast, diverse and unique educational resources. Our goal in providing this service is to promote educational excellence by facilitating resource sharing, communication, innovation and publishing by students. All students must follow the Acceptable Use Guidelines when accessing the internet as outlined in board policy.

### Withdrawing from School

Prior to leaving school, a student should schedule a conference with his/her counselor. All textbooks and monies due must be cleared before the student's records will be signed and available for forwarding to another school.

### Technology F-265-S

Students in the Independence School District will be provided access to technology in classrooms, Library Media Centers, and labs for educational purposes. Students must

follow the established guidelines for acceptable use of technology in order to maintain the privilege of access to technology.

The following acceptable use guidelines have been established for all students in the Independence School District.

*Equipment use* – Students will be expected to follow all directions given concerning the appropriate use of technology. The equipment must be used carefully to ensure that it continues to function properly. Any student guilty of abusing the equipment or taking any action that would alter the proper functioning of the equipment will be disciplined and charged with the cost of repairing or replacing the equipment.

*Internet use* – While using a school-issued device, students will be given access to the internet and will be expected to access sites that are appropriate for the educational assignment given. Students who access or attempt to access pornography or other sites not related to an educational assignment will be disciplined and denied internet access for a specified period of time. Any image that would not be allowed in school on a tee shirt will be considered inappropriate. Students using computers in the Library Media Center or Computer Labs without the direct supervision of a teacher may need to meet additional requirements. Students will need to ask the Library Media Specialist in his/her building about those additional requirements.

*Security* – All students will be given a username and password to use to log in to computers. Passwords must be kept confidential at all times. Network equipment will allow for the tracking of all computer activity by username and password. Therefore, students are not allowed to log in using another person's username and password. A student who uses another person's username and password or allows someone to use his/her username and password will be disciplined and denied computer access for a specified period of time.

*File Sharing* – Copyright laws protect various forms of software, music, and video files. Students are not allowed to download software, music, or video files at school, unless appropriate fees have been paid and the downloading process is supervised by a teacher or administrator. Files not protected by copyright laws may be shared provided it is for educational purposes and does not contain inappropriate material. Students will not be allowed to install any software unless operating out of a technology class and under the supervision of a teacher. Any student guilty of downloading or sharing copyright protected files or attempting to download or share such files or install software will be disciplined and denied access to computers for a specified period of time.

*Consequences of Misuse* – Students guilty of misusing the technologies provided by the District will be disciplined according to the nature and severity of the misuse. Consequences will be similar to the consequences with other rules violations and may include being denied access to technology. Inappropriate use of the network or an inappropriate request to remove a filter will automatically result in a student

account shut down for 30 days. The use of proxy servers or any other means of bypassing the District firewall is not allowed and will result in disciplinary action.

*Signature of acceptance* – Signatures on the student data sheet signify that both parents/guardians and students understand the guidelines and consequences of the Technology Acceptable Use Policy and agree to follow them. Questions concerning this policy should be directed toward the Director of Technology for the Independence School District.

#### *Cell Phone and Other Personal Technology Guidelines*

Items of value should be left at home for safekeeping. The school is not responsible for items which are lost or stolen. Students should not bring any of the following to school:

Phones, wireless earbuds (airpods), smart watches, video games, cameras, fidget spinners, players, speakers and other electronic equipment and devices.

Students who bring these items to school will need to store them in their locker. Items that are seen will be collected by staff and turned into the office. The first time, the item will be returned to the student at the end of the day. The second time items are confiscated, parents/guardians may be asked to pick the item up in addition to possible consequences to the student. Students who use these items or have them out during the school day will be subject to disciplinary action up to and including ISS/OSS. Continued violations or failure to comply will be subject to disciplinary action up to and including ISS/OSS.

We are committed to creating and maintaining a positive learning and teaching environments for all our students and staff. With a positive environment, we can help all students be successful in their learning activities. In order to provide the best educational experience possible, distractions must be kept to a minimum. The Independence School District believes in promoting professional and positive use of personal technology such as cell phones, tablets, laptops, etc. Students, teachers and administrators have researched and discussed the impact of cell phone usage during the school day. In order to create the best learning environment for all students, the following guidelines have been established:

- o Students will be required to keep their cell phones/electronic devices/listening devices including headphones, airpods and ear buds stored in their locker.
- o Cell phones/electronic devices/listening devices including headphones, air pods and ear buds may be used by students at the following times:

- Prior to the start of the school day
- After school

If a student has their device out during the school day during class or during passing time without permission, the student will be directed to turn their phone in to the office. There, the staff will put the device in a secure location until the end of the day. When the final bell rings, the student may retrieve their phone from the office staff. After the fifth offense, and after each continued violation of the policy, a parent and/or guardian

will need to pick up the device(s) from the office. Students who are in detention and/or ISS will have their device(s) sequestered when they enter the class room. The school is not responsible for lost or stolen cell phones, tablets, laptops, or other personal technology devices. If a student needs to make an emergency call during the day, they should receive permission from their classroom teacher and come to the office to make the call.

### *Technology Devices and Acceptable Use Policy*

The District maintains an environment that promotes ethical and responsible conduct in all online network activities by employees and students. All authorized users are expected to acknowledge and comply with the rules and policies of technology usage and the District network.

### *Acceptable Use*

All use of District devices and Internet usage must support educational purposes consistent with the District mission. Network accounts must be accessed only by the authorized user of the assigned account without an expectation of privacy from the District. Employee and student subscriptions to mailing lists and bulletin boards require prior approval by the system administrator. All online activity will be respectful and align with the code of conduct, discipline, and other related policies of the District. All technology of students will be monitored in compliance with the Children's Internet Protection Act (CIPA).

### *Unacceptable Use*

Any use of the network for commercial, for-profit, political purposes or advertisement is prohibited. Excessive use of the network for personal business may be cause for disciplinary action. No use of the network may be used to disrupt the use of the network by others or to destroy, modify, or abuse the system in any manner. District resources may not be used to download software or other files unrelated to its mission. Use of the network to access or process pornographic, dangerous, or inappropriate files as determined by the administrator is prohibited. The network may not be used to download, duplicate, or distribute copyrighted materials. The network shall not be used for any unlawful purposes. Use of profanity, harassing, or other offensive or discriminatory language is prohibited.

### *User Agreements*

Parents/guardians and, when age-appropriate, students are required to review and sign User Agreements in order to access District technology. (See User Agreement form in this handbook.)

### *Safety and Cybersecurity*

The District monitors the online activities of students and operates a technology protection measure ("filtering/blocking device") on the network and/or all computers with Internet access, as required by law. The filtering/blocking device will attempt to protect against access to visual depictions that are obscene or harmful to minors or are

child pornography, as required by law. Filters/blocking devices are not foolproof, and the District cannot guarantee that users will never be able to access offensive materials using District equipment. Evading or disabling, or attempting to evade or disable, a filtering/blocking device installed by the District is prohibited.

### Building Information

#### Grading and Reporting System

##### Quarter Progress Reports and Semester Grades

Parents/guardians and students may check student grades online at any time using PowerSchool. Students and parents/guardians can contact our main office for login information. Parents/guardians may contact their student's teachers to ask questions regarding grades. Teachers will update grade books regularly.

The final *semester grade* is based upon the student's work throughout the entire semester. Quarter reports are simply progress reports. Semester grades are not the average of the quarter grades. The only grades that appear on transcripts are semester grades.

#### National Junior Honor Society

Students who attain three semesters of at least a cumulative 3.5 grade point average (beginning in the 6th grade), teacher/principal collaborative recommendations, and a service learning project will be eligible for induction into the National Junior Honor Society during the 2nd semester of his/her 7th grade year.

#### President's Award for Educational Excellence – 8th Grade Academic Award

Students meeting the following criteria will be recognized during their 8th grade year by the Board of Education for their outstanding academic achievement:

1. Students who score advanced (4) or Proficient (3) in Communication Arts and Math on the annual Missouri Assessment (MAP) during their 7th grade year.
2. Attain at least a cumulative 3.5 GPA while in middle school (minimum three full semesters in ISD)

#### Identification Cards/Badges

All students are given one free ID which is to be available on demand at all times. Student IDs will be required for entrance into certain school activities. School IDs are required for entrance into the building after school hours. Subsequent IDs may be purchased for a nominal fee.

#### Hall Passes

Hall passes are necessary for students to be in the halls, library or other general areas when classes are in session. This includes going to the nurse's office, main office, library, another classroom or to the counseling center.

#### Missouri State High School Activities Association (MSHSAA) Activities

The Independence School District is a member of the Missouri State High School Activities Association, which sponsors and regulates athletic and activity competitions

among Missouri schools. This association recommends a high standard of good sportsmanship. *The District complies with all MSHSAA guidelines. The most up-to-date version of the MSHSAA handbook is located at <https://www.mshsaa.org/>.*

### Travel and Transportation

Students must ride to and from events on District provided transportation unless prior written permission is granted by the Athletic Director for the student to ride with their parent/guardian.

### District Sponsored Extra-curricular Activities and Clubs I-210-S

Programs, such as the school newspaper, yearbook, choirs, debate, band, and orchestra, are part of classes students may take for credit. Course descriptions may be found in the District's Program of Studies. Students must be enrolled in at least 7 of 8 classes to be eligible for participation in MSHSAA sanctioned activities. For more information on the following items and much more, please see the District website at <https://www.isdschools.org/academies-of-the-isd/>:

- Program of Studies
- Academies of the ISD
- NCAA Eligibility Requirements
- Graduation Requirements

Extracurricular activities sponsored by the District are part of the educational experience and opportunities for students. Clubs, sports, and other groups seek a diverse range of students and provide fair access under the law. Students are encouraged to identify activities matched to their interests and ability levels and participate in those activities. Participation in extracurricular activities is voluntary and a privilege. Therefore, students must meet certain academic standards, demonstrate acceptable citizenship and behavior, and maintain appropriate attendance in order to be eligible to participate. Unless special arrangements have been made with the principal, a student is required to attend school on the day of an activity in order to participate. All extracurricular activities are supervised by District employees and the expected code of conduct for students remains the same as during the standard school day. Additional guidelines for specific groups, including activities sanctioned by the Missouri State High School Activities Association (MSHSAA), may be outlined at the beginning of the year and/or season. Competitive, interscholastic activities may have evaluation procedures that eliminate some students from participation. When students are not selected for participation, communication will occur in a personal and respectful way.

The list of clubs can be found on the school's website.

### School Cancellations and/or Early Dismissal

School will be closed when weather conditions are such that buses are unable to run safely. A broadcast will be made utilizing social media, robo calls, KMBC, ABC Fox 4, and local radio stations to notify students and parents/guardians. Please do not call the administration or radio/TV stations for this information.

At times, school may dismiss early during the day. In the event such a closing should occur, a broadcast will be made and media notified. Information should be given to your child as to what s/he should do if this situation arises. Please keep a watch on the weather, especially in the winter months. If the school needs to send your student to another destination or phone someone to pick her/him, please have this information on file in the office. Time is short in emergency situations and every effort will be made to keep students safe.

### *Class Schedules/Bell Schedules*

Bridger Start Time is 7:10 a.m. and End Time is 2:55 p.m.

Bingham Start Time is 8:05 a.m. and End Time is 3:50 p.m.

Nowlin Start Time is 8:05 a.m. and End Time is 3:50 p.m.

Pioneer Start Time is 8:05 a.m. and End Time is 3:50 p.m.

### *Phone Messages*

In emergency circumstances, we will deliver a phone message to the student from a parent, guardian, or family member. The person making the call will be asked the nature of the emergency before the message can be delivered. Only the office may deliver the message in order not to interrupt the class. We will not call students to the phone.

### *Deliveries*

Flowers, balloon bouquets, personal telegrams, and/or food or beverages may not be delivered to students at school. These items will not be accepted and will be returned to the delivery agency. We are a latex-free building due to students with severe allergies; therefore, latex balloons are not allowed in the building.

Parents/guardians bringing personal items to school for students should take them to the office and students should check for these items between classes. This will help prevent classroom disruptions by intercom. The District discourages parents/guardians from dropping off outside food for students. Students will not be called out of class for lunch deliveries and cannot be late to class in order to eat lunch deliveries.

### *School Sponsored Events/Activities*

Special events for students are planned by the PTSA, the administration, and your teachers. These activities are specially planned for each school. All rules concerning behavior, dress code, and language apply at any school activity. Students who are leaving with a parent or guardian of another student should turn in a signed permission note from their parent/guardian to the office for approval the day of the activity. To ensure safety, no one will be allowed to leave during an activity unless accompanied by their parents/guardians.

Acting in a way that endangers the safety of other students, dressing in an unacceptable way, or causing the chaperones to wait longer than 20 minutes could result in you not being allowed to attend the next school activity or in other disciplinary action. Students are not allowed to walk home after school or after a school sponsored activity.

### Dances

The school hosts several dances throughout the year, both formal and informal. Informal dances are internal only dances, open to only our students.

An ID is required for entry into dances. In order to qualify for any dance:

- Student must have a year to date percentage of 90% attendance or higher to attend the dance.
- Students must have no more than one Failing class grade
- All obligations must be satisfied
- All discipline must be served (also see ISS/OSS policies regarding extra-curricular activities)

### Lockers

Lockers are the property of the school, and are assigned to students. They are provided as a personal convenience and school officials have the right to inspect lockers without permission of the person(s) currently using the lockers. We discourage any locker sharing with any other student(s) who has not been assigned to the locker, or releasing your locker combination to anyone else.

Items in your locker are considered to be in your possession. Students should keep items not appropriate for class in their lockers all day (for example: skateboards, sporting equipment, helmets, hats, etc.). We discourage students from bringing expensive items, such as jewelry or electronic equipment. The school assumes no responsibility for lost or stolen items.

Lockers should be kept locked. If your locker breaks or jams, you need to report to your PE teacher (if gym locker) or to the office immediately. Please do not report to the custodian. Personal items should be removed from lockers no later than the last day of school.

### Supply Lists

Specific supplies will be outlined in each course syllabus.

### School Counselors

Counselors are available to help students with educational, vocational and personal decisions. In an effort to provide students with the best possible educational experience the counseling services will primarily include, but not be limited to, the following:

- supporting and encouraging students to set goals and make commitments;
- helping students work through obstacles and issues;

- providing information, resources, referrals, and expertise to facilitate educational/vocational planning and family/social planning;
- administering and interpreting standardized tests;
- assisting in special fields such as career development and special education transition services;
- helping students to understand themselves in relation to their environment.

To meet with a counselor, students should make appointments in the counselor center. If it is an issue that does not need to be addressed in person, students should email their counselor.

### Family/School Liaison

The Family/School Liaison is here to assist and support families in setting and attaining goals toward becoming self-sufficient, nurturing and stable families by providing comprehensive, strength-based services within the community.

This individual will be here to:

- develop services that are inclusive of family diversity and based in a strengths-perspective model;
- carry out activities designated to implement family involvement and support for educational goals;
- act as a liaison among District programs, community agencies, teachers, and neighborhood families;
- develop referral systems and procedures among families, staff, and community agencies to facilitate delivery of services;
- inform school staff of changes in family situations that might reflect on child behavior or attendance;
- provide advocacy for social services that are unavailable to families by acting as a catalyst to facilitate community action and by partnering with families to become advocates for their children.

### School Resource Officer

The School Resource Officer is an on-duty Independence Police Department officer on staff. The School Resource Officer has three basic roles in our school:

1. Law enforcement Officer: Handling Statute Violations.
2. Counselor: Informal counseling of students, working closely with the school's counseling staff and administration.
3. Teacher: Provide law related education to students in the role of a guest speaker.

### *Student Transfers S-120-S*

The District will enroll students in the school associated with the attendance area in which the student resides. If a student's residence changes to a different attendance area within the District, the student must transfer to the associated school. The Superintendent or designee may consider exceptions to this policy under the following conditions:

1. The District will not generally grant requests for transfers but the District will make limited exceptions based upon educational needs of the student. Resident parents/guardians may request a transfer to another school within the District by completing the transfer request form available on the website. All transfer requests will consider a school's space and class sizes. The District may rescind a transfer for any reason, including but not limited to, disciplinary issues and absenteeism. Any student who transfers to a school outside the student's attendance area based upon residence will be subject to all eligibility rules of the Missouri State High School Activities Association (MSHSAA). The final decision regarding a student transfer rests with the District administration. The District will not provide transportation outside the student's attendance area unless required by law. The Board authorizes the Superintendent to establish student transfer procedures.
2. The Superintendent or designee may transfer students between schools if a transfer is necessary for the student's safety, health, or welfare, or to address overcrowding in a school. The decision of the Superintendent regarding a student transfer will be final.
3. Students who are homeless or in foster care may attend their school of origin if it is in the student's best interest. The District may assign District students with disabilities (served under the provisions of an Individual Education Plan (IEP) or Section 504 Plan (504)) to a school outside the student's attendance area as determined by the IEP or 504 team. In special circumstances, and at the mutual discretion of the participating school districts, districts may contract for necessary services for students with disabilities.
4. The District will consider students placed into programs by the Missouri Department of Mental Health (DMH), the Department of Social Services (DSS), or by a court order a resident of the district in which the program is housed. The District will allow a student to attend another school within the District if that student is enrolled in a persistently dangerous school or becomes a victim of a violent criminal offense on school property as mandated by state regulations.
